Re-examining history from a female perspective, this book celebrates the numerous important roles women have played in culture and society that are less often told. Includes evocative images, this gloriously illustrated ebook reveals the key events in women's history - from early matriarchal societies through women's suffrage, the Suffragette movement, 20th-century feminism and gender politics, to recent movements such as #MeToo and International Women's Day - and the key role women have had in shaping our past. Learn about the everyday lives of women through the ages as well as the big names of women's history - powerful, inspirational, and trailblazing women such as Cleopatra, Florence Nightingale, Emmeline Pankhurst, Eva Peron, and Rosa Parks - and discover the unsung contributions of lesser-known women who have changed the world, and the "forgotten" events of women's history. Placing women firmly centre stage, *Women - Our History* shows women where they have come from, and, in celebrating the achievements of women of the past offers positive role models for women of today

From the globally acclaimed, best-selling novelist and author of *We Should All Be Feminists*, a timely and deeply personal account of the loss of her father: "With raw eloquence, *Notes on Grief* ... captures the bewildering messiness of loss in a society that requires serenity, when you'd rather just scream. *Grief* is impolite ... Adichie's words put welcome, authentic voice to this most universal of emotions, which is also one of the most universally avoided" (The Washington Post). *Notes on Grief* is an exquisite work of meditation,

remembrance, and hope, written in the wake of Chimamanda Ngozi Adichie's beloved father's death in the summer of 2020. As the COVID-19 pandemic raged around the world, and kept Adichie and her family members separated from one another, her father succumbed unexpectedly to complications of kidney failure. Expanding on her original New Yorker piece, Adichie shares how this loss shook her to her core. She writes about being one of the millions of people grieving this year; about the familial and cultural dimensions of grief and also about the loneliness and anger that are unavoidable in it. With signature precision of language, and glittering, devastating detail on the page—and never without touches of rich, honest humor—Adichie weaves together her own experience of her father's death with threads of his life story, from his remarkable survival during the Biafran war, through a long career as a statistics professor, into the days of the pandemic in which he'd stay connected with his children and grandchildren over video chat from the family home in Abba, Nigeria. In the compact format of *We Should All Be Feminists* and *Dear Ijeawele*, Adichie delivers a gem of a book—a book that fundamentally connects us to one another as it probes one of the most universal human experiences. *Notes on Grief* is a book for this moment—a work readers will treasure and share now more than ever—and yet will prove durable and timeless, an indispensable addition to Adichie's canon.

Soon to be a Netflix series starring Octavia Spencer, *On Her Own Ground* is the first full-scale biography of "one of the great success stories of American history" (The Philadelphia Inquirer), Madam C.J. Walker—the legendary African American entrepreneur and philanthropist—by her great-great-granddaughter, A'Lelia Bundles. The daughter of formerly enslaved parents, Sarah Breedlove—who would become known as Madam C. J. Walker—was orphaned at seven, married at fourteen, and widowed at twenty. She spent the better part of the next two decades laboring as a washerwoman for \$1.50 a week. Then—with the discovery of a revolutionary hair care formula for black women—everything changed. By her death in 1919, Walker managed to overcome astonishing odds: building a storied beauty empire from the ground up, amassing wealth unprecedented among black women, and devoting her life to philanthropy and social activism. Along the way, she formed friendships with great early-twentieth-century political figures such as Ida B. Wells, Mary McLeod Bethune, W.E.B. Du Bois, and Booker T. Washington.

Cansadas Haymarket Books

Un ensayo imprescindible sobre el sexismo en la actualidad. En *Cansadas* de la nueva misoginia la conocida periodista Nuria Varela pone en evidencia el sexismo moderno. La nueva misoginia se

caracteriza por defender que la igualdad ya es una realidad y que, por lo tanto, ya no tiene sentido luchar por ella. Así pues, en la sociedad actual el patriarcado disimula su poder a través de la manipulación del lenguaje: se habla de violencia doméstica y de igualdad, ocultando que la violencia de género -lejos de desaparecer, es un fenómeno en expansión al que ninguna sociedad es capaz de ponerle freno-.

Edición actualizada de este libro de referencia. Una investigación rigurosamente documentada sobre la violencia de género. La violencia contra las mujeres en el siglo XXI perdura con la misma fuerza con que ha recorrido toda la historia de la humanidad. Los agresores no son locos ni enfermos; ni su edad ni la pobreza ni el alcohol los justifican. Desde su primera aparición, *Íbamos a ser reinas* se ha convertido en el libro esencial para desentrañar por qué se tortura a las mujeres en sus propias casas, cómo lo soportan ellas y qué mecanismos sociales, educativos, legales y religiosos actúan como cómplices eficaces para que la sociedad no se decida a terminar con una plaga que cada año asesina a mujeres en España y en todo el mundo. *Íbamos a ser reinas* propone un recorrido por el espinoso tema de la violencia de género: revisa los mitos y errores que corren sobre

la violencia contra las mujeres, habla del miedo, habla del sexo, habla de las desiguales relaciones de poder que rigen en muchas parejas, y aborda el maltrato en sus vertientes psicológicas, judicial, social y familiar. También alude a la libertad y al derecho a una vida digna, ofrece cifras actualizadas y presenta una pequeña guía de recursos sociales al alcance de todas aquellas personas que puedan necesitarlos. Reseña: «Una investigación seria, rigurosa y documentada sobre la violencia de género.» Marcela Serrano

"In 1851, a war began in what would become Yosemite National Park, a war against the indigenous inhabitants that has yet to come to a real conclusion. A century later - 1951 - and about a hundred and fifty miles away, another war began when the U.S. government started setting off nuclear bombs at the Nevada Test Site. It was called a "nuclear testing program" but functioned as a war against the land and people of the Great Basin."--

The National Book Critics Circle
Award-winning author delivers a collection of essays that serve as the perfect "antidote to mansplaining" (*The Stranger*). In her comic, scathing essay "Men Explain Things to Me," Rebecca Solnit took on what often goes wrong in conversations between men and women. She wrote about men who wrongly assume they

know things and wrongly assume women don't, about why this arises, and how this aspect of the gender wars works, airing some of her own hilariously awful encounters. She ends on a serious note—because the ultimate problem is the silencing of women who have something to say, including those saying things like, "He's trying to kill me!" This book features that now-classic essay with six perfect complements, including an examination of the great feminist writer Virginia Woolf's embrace of mystery, of not knowing, of doubt and ambiguity, a highly original inquiry into marriage equality, and a terrifying survey of the scope of contemporary violence against women. "In this series of personal but unsentimental essays, Solnit gives succinct shorthand to a familiar female experience that before had gone unarticulated, perhaps even unrecognized." —The New York Times "Essential feminist reading." —The New Republic "This slim book hums with power and wit." —Boston Globe "Solnit tackles big themes of gender and power in these accessible essays. Honest and full of wit, this is an integral read that furthers the conversation on feminism and contemporary society." —San Francisco Chronicle "Essential." —Marketplace "Feminist, frequently funny, unflinchingly honest and often scathing in its conclusions." —Salon
