Do you speak English confidently? Or are you paralysed by fear? It's hard enough to learn English. But when you're not confident? It's even harder. This book will take you through the confident English speaking mindset and will show you how to

speaking with confidence next time (and every time) you speak English. I was never confident... When I was younger I was shy and not confident in front of people. And this held me back and made improving my second language hard. I never took the opportunities I had to really use my Japanese... because I was afraid. Fearless Fluency will show you how to speak English confidently and fluently. Yes, I've been there. And this is why I know you CAN overcome your fear of speaking

English if you want to. If you want to speak English confidently and be more confident in your everyday life, it's likely you're going to need to make changes to the way that you think and behave. But pay attention, apply the lessons I share, and your confidence will grow. Here's just some of what you'll learn: Why some people succeed in English, and others fail (make your YOU succeed). What confidence REALLY is (hint: it's probably not what you think, and this is

making it hard for you to overcome your fear). A lesson from the film Jurassic World that could help you speak confidently in English (and be happier in life in general). How to stand out as confident in English, and gain the respect of everyone around you. The "Three Fears" of speaking English as a second language (and how to overcome them easily, by yourself). The evolutionary reason you feel nervous and afraid when you have to speak English (and the shocking truth about

human beings... but just knowing this is enough to break the bad habit). How the most famous, successful people in the world became successful... and how you can (and should) copy what they did with your English. The true meaning of "failure" that you won't find in any dictionary. The unconventional secret to doing any interview confidently in English. How to eliminate embarrassment from your life quickly and easily. A lesson from one of the world's most successful

beer brands that you can (and should) apply to everything you do. One simple habit that has nothing to do with speaking English... BUT can help you to be much more confident in English. Who is Julian? Julian Northbrook is an unconventional punk of the business English learning world. A leading expert in English education and direct response marketing, he's fully equipped to drag you kicking and screaming from English-mediocrity to speaking at an

outstanding level. After being turned down for his dream job in the art industry, Julian suffered three long years as a crap Japanese speaker. He understands exactly what it's like to feel like a total idiot every time you speak. But Julian overcame his language problems, mastered the language, and went on to work first as a freelance translator, then as an executive member of a Japanese company. But he soon grew sick of the corporate world and left to do something more

satisfying - teaching people how to speak English at an extraordinary level.

From his home in New Jersey, where he lives with his old-world mother and rebellious sister, Oscar dreams of becoming the Dominican J. R. R. Tolkien and, most of all, of finding love. But

he may never get what he wants, thanks to the Fukú—the curse that has haunted Oscar's family for generations, dooming them to prison, torture, tragic accidents, and, above all, ill-starred love. Oscar, still waiting for his first kiss, is just its most
