Forecasting is required in many situations. Stocking an inventory may require forecasts of demand months in advance. Telecommunication routing requires traffic forecasts a few minutes ahead. Whatever the circumstances or time horizons involved, forecasting is an important aid in effective and efficient planning. This textbook provides a comprehensive introduction to forecasting methods and presents enough information about each method for readers to use them sensibly.

The secret things belong unto the Lord our God: but those things which are revealed belong unto us and to our children for ever, that we may do all the words of this law. —Deuteronomy 29:29 This new, expanded and completely documented edition of The Signature of God contains additional research and compelling documentation proving the Bible is inspired by God. Remarkable new computer discoveries from the Bible Codes reveal astonishing details about the September 11 Islamic terrorist attack on America that were encoded in Hebrew text thousands of years ago. Key topics include: ·New Bible Codes reveal the details of September 11, 2001 terror attacks on the World Trade Center and

Pentagon ·Historical

documents confirm the supernatural darkness when Jesus was crucified ·Advanced scientific statements provide compelling evidence the Bible was inspired ·Incredibly modern medical statements prove that God inspired the Scriptures ·Hundreds of accurate prophecies demonstrate the Bible is supernatural The Greek New Testament Penguin 9/11, the rise of Hitler, the Kennedy Assassination, man landing on the moon, the Gulf War - all these events were foretold by a code hidden in the Bible 3,000 years ago. And it keeps coming true. The code predicted that Barack Obama would be president a year before his election. It predicted the Great Recession, even

when the stock market was at an all time high. Even more startling than the events the code has already predicted are its warnings for the future. Is the current world economic crisis over? Or is worse to come? Do international terrorists have nuclear weapons, and will they use them? Which cities will be in the first wave of nuclear attacks? And which will be next? And why is the American president the one man who might be able to prevent nuclear Armageddon? The third in a series of international bestsellers that have gripped millions across the globe, **THE BIBLE CODE: SAVING THE WORLD** takes us into the secret corridors of our hidden government, where a shadow war against terrorism is already being fought, though it might be missing its true target. The code tells us a probable future, but it is a future we can change. This, however, may be our final warning.

You'll understand Jesus' presence in the Old Testament in a new way as you journey with Pastor O. S. Hawkins through the Bible. We often assume

Jesus is only in the New Testament. Yet Christ appears in every book of the Bible, sometimes in words, sometimes in shadow, sometimes in prophecy. As Jesus revealed to the two disciples on the road to Emmaus, He can be found "in all the Scriptures" (Luke 24:27). And as we learn to find Jesus in every verse, we realize His constant presence in our lives as well. In *The Bible Code*, bestselling author of *The Joshua Code*, O. S. Hawkins, takes us from Genesis to Revelation as he illuminates Scripture through the light of Christ. In Exodus, He is the Passover Lamb. In Deuteronomy, He is the Bread of Life. In Song of Solomon, He is our Bridegroom. This book makes a beautiful gift for: Graduation Christmas Father's Day Birthdays As we seek Jesus in the whole Bible, we find life. Not just eternal life in the then and there, but abundant life in the here and now. And as you see Jesus' redemptive story from Creation to eternity, you will draw closer to the God who has loved you from the beginning. *God Code* Hassell Street Press
In this groundbreaking work that sets apart fact

and legend, authors Finkelstein and Silberman use significant archeological discoveries to provide historical information about biblical Israel and its neighbors. In this iconoclastic and provocative work, leading scholars Israel Finkelstein and Neil Asher Silberman draw on recent archaeological research to present a dramatically revised portrait of ancient Israel and its neighbors. They argue that crucial evidence (or a telling lack of evidence) at digs in Israel, Egypt, Jordan, and Lebanon suggests that many of the most famous stories in the Bible—the wanderings of the patriarchs, the Exodus from Egypt, Joshua's conquest of Canaan, and David and Solomon's vast empire—reflect the world of the later authors rather than actual historical facts. Challenging the fundamentalist readings of the scriptures and marshaling the latest archaeological evidence to support its new vision of ancient Israel, *The Bible Unearthed* offers a fascinating and controversial perspective on when and why the Bible was written and why it possesses such great spiritual and emotional power today.

' "Twin Towers" was encoded in the 3000-year-old text. "Airplane" appeared in exactly the same place. "It caused to fall, knocked down" crossed "airplane" and "towers"...But it was not this terrorist attack that really shook me. It was what the Bible code predicted was yet to come.' This is the sensational sequel to THE BIBLE CODE, which rocketed to the top of the bestseller charts in 1997. The discovery of a code encrypted in the Bible some 3000 years ago caught the public imagination. But if this code predicted the disastrous events of 9/11, what more can it tell us about our future? And if we are on the road to Armageddon, can it give us the information we need to survive? One word of advice - don't make big plans for 2006...

Hank Hanegraaff reveals the code to Revelation. Breaking the code of the book of Revelation has become an international obsession. The result, according to Hank Hanegraaff, has been rampant misreading of Scripture, bad theology, and even bad politics and foreign policy. Hanegraaff argues that the key to understanding the last book of the Bible is the other sixty-five books of the Bible — not current events or recent history and certainly not any complicated charts. The *Apocalypse Code* offers sane answers to some very controversial questions: What does it mean to take the book of Revelation (and the rest of the Bible) literally? Who are the "Antichrist" and the "Great Whore of Babylon," and what is the

real meaning of "666"? How does our view of the end times change the way we think about the crisis in the Middle East? Are two-thirds of all Jews really headed for an apocalyptic holocaust? The *Apocalypse Code* is a call to understand what the Bible really says about the end times and why how we understand it matters so much in today's world.

"Provocative and passionate, this fascinating book is a must-read for everyone who's interested in end-times controversies." — Lee Strobel, Author, *The Case for the Real Jesus* "This book is a withering and unrelenting critique of the positions of apocalyptic enthusiasts — Tim LaHaye. Every fan of the *Left Behind* series should read this book. The fog will clear, and common sense will return to our reading of the Bible." — Gary M. Burge, Professor of New Testament, Wheaton College and Graduate School.

"A masterpiece of contemporary Bible translation and commentary."—Los Angeles Times Book Review, Best Books of

1999 Acclaimed for its masterful new translation and insightful commentary, *The David Story* is a fresh, vivid rendition of one of the great works in Western literature. Robert Alter's brilliant translation gives us David, the beautiful, musical hero who slays Goliath and, through his struggles with Saul, advances to the kingship of Israel. But this David is also fully human: an ambitious, calculating man who navigates his life's course with a flawed moral vision. The consequences for him, his family, and his nation are tragic and bloody. Historical personage and full-blooded imagining, David is the creation of a literary artist comparable to the Shakespeare of the history plays.

A startling exploration of the history of the most controversial book of the Bible, by the bestselling author of *Beyond Belief*. Through the bestselling books of Elaine Pagels, thousands of readers have come to know and treasure the suppressed biblical texts known as the Gnostic Gospels. As one of the world's foremost religion scholars,

she has been a pioneer in interpreting these books and illuminating their place in the early history of Christianity. Her new book, however, tackles a text that is firmly, dramatically within the New Testament canon: *The Book of Revelation*, the surreal apocalyptic vision of the end of the world . . . or is it? In this startling and timely book, Pagels returns *The Book of Revelation* to its historical origin, written as its author John of Patmos took aim at the Roman Empire after what is now known as "the Jewish War," in 66 CE. Militant Jews in Jerusalem, fired with religious fervor, waged an all-out war against Rome's occupation of Judea and their defeat resulted in the desecration of Jerusalem and its Great Temple. Pagels persuasively interprets *Revelation* as a scathing attack on the decadence of Rome. Soon after, however, a new sect known as "Christians" seized on John's text as a weapon against heresy and infidels of all kinds—Jews, even Christians who dissented from their increasingly rigid doctrines and hierarchies. In a time when global religious violence surges,

Revelations explores how often those in power throughout history have sought to force "God's enemies" to submit or be killed. It is sure to appeal to Pagels's committed readers and bring her a whole new audience who want to understand the roots of dissent, violence, and division in the world's religions, and to appreciate the lasting appeal of this extraordinary text.

The book that inspired the major History Channel special *God Code* shows there is more to the Bible than meets the eye—messages from God hidden for ages, now revealed by modern computer technology. In *God Code*, antiquities expert Timothy P. Smith reveals his decades-long quest to understand the complex messages he discovered in an ancient Hebrew manuscript of the Bible. This painstaking search involves adventure and mystery, but instead of consulting ancient maps to find buried treasure, Smith relied on the data calculation power of modern technology. His quest shows how Scripture is

more amazing than we ever dreamed—and that it may even reveal the future of generations living today. God Code reveals:

- An encrypted code in Genesis, in the oldest known Hebrew text of the Old Testament, that predicted the birth and resurrection of Jesus.
- Scientific evidence that this encrypted code was authored by the divine hand of God.
- Signs that there are more encrypted codes in this same Hebrew text that will lead to additional messages from God to humanity.
- Hidden clues that may lead to the location of long-missing sacred artifacts, such as the Ark of the Covenant.
- Insights on why Smith was chosen to uncover this encrypted code.
- A dire warning that God wants us to hear—and heed.

In the companion History Channel series, the author travels across continents in search of artifacts missing since Bible times—clues to their location revealed in God Code. Previously published as *The Chamberlain Key Bible Codes Revealed* New Leaf Publishing Group

In the beginning, Earth was without form, and civilization was nonexistent. Thousands of years later, signs of earlier life on Earth were discovered, indicating that extremely intelligent life had once existed.

Author Sherry Shriner alleges that a cover-up began in 1954, when a race of aliens that had been orbiting the Earth landed at Holloman Air Force Base. Afraid that their planet was dying, the aliens landed a second time at Edwards Air Force Base. Shriner explains that this monumental event had been planned in advance, and, on the appointed day, President Eisenhower was whisked away to the base, under the guise of a visit to a dentist. After President Eisenhower met with the aliens, a formal

treaty between the Alien Nation and the United States of America was signed. Has the United States government really been collaborating with aliens for the past sixty years? In *Bible Codes Revealed*, Shriner challenges readers to consider the possibility of a future global alien and UFO invasion, and more importantly, what we can and should do once this event transpires.

According to the author, it's not a matter of IF but WHEN! And soon. The information you will read in these pages is shocking, and points to an imminent danger on every level of a global society teetering on the brink of human and spiritual slavery. Sherry Shriner's information will shock you, but most importantly, will challenge you to get involved now in spreading the truth about this horrific reality: that aliens exist and control much of what happens on planet Earth, and unless humankind takes a stand now, the world humans rely on, the possibility of future generations even, most certainly would be lost forever due mainly to the greed and criminality of the world's most powerful ruling bodies desiring short term

technological progress in exchange for selling out the human race!

And after comparing hundreds of notes, I realized the Bible contains a hidden ¿pattern¿ (Titus 2:7) of parallels. However, this ¿pattern¿ (Numbers 8:4) can only be lined up ¿where the word of a king is¿ (Ecclesiastes 8:4). This is also why you¿ll be repeatedly shown that the name of King James is secretly a sign to confirm which version of the Bible is the only authorized word of God for ¿the vision¿ (Ezekiel 8:4) to be revealed in the last days. This critical review will challenge the way Christians look at the King James Bible and the nation that began at Jamestown, Virginia.

When Ed Sherman, a mathematician with 30 years of experience, and Nathan Jacobi, an Israeli physicist, set out to

debunk claims that there were mysterious codes in the Hebrew Old Testament, they could not have envisioned the startling conclusions they would reach. As Dr. Jacobi, an agnostic Jew, looked for lengthy Hebrew codes about Christ, repeatedly he discovered compelling excerpts from the life of the man from Nazareth. Time and again Dr. Jacobi found that one- or two-word codes were actually part of much longer encoded sentences that echoed the Gospel accounts. Moreover, these encoded sentences were extensively embedded in two passages most widely regarded as prophecies of the crucifixion of Christ (Isaiah 53 and Psalms 22). Bible Code Bombshellsets forth startling new evidence that code sequences in Scripture are irrefutable evidence of a Divine hand. In this highly readable book, Sherman offers both skeptics and believers a gold mine of information that will prompt much thinking about the origins of the Bible.  Winner of the 2014 Sami Rohr Prize for Jewish Literature A thousand years ago, the most perfect copy of the Hebrew Bible was written. It was kept safe through one upheaval after another in the Middle East, and by the 1940s it was housed in a dark grotto in Aleppo, Syria, and had become known around the world as the Aleppo Codex. Journalist Matti Friedman's true-life detective story traces how this precious manuscript was smuggled from its hiding place in Syria into the newly founded state of Israel and how and why many of its most sacred and valuable pages went missing. It's a tale that involves grizzled secret agents, pious clergymen, shrewd antiquities collectors, and highly placed national figures who, as it turns out, would do anything to get their hands on an ancient, decaying book. What it reveals are uncomfortable truths about greed, state

cover-ups, and the
fascinating role of

historical treasures in
