The Gododdin charts the rise and fall of 363 warriors in the battle of Catraeth, around the year 600AD. The men of the Brittonic kingdom of Gododdin rose to unite the Welsh and the Picts against the English, only to meet a devastating fate. Composed by the poet Aneirin, the poem was originally orally transmitted as a sung elegy, passed down for seven centuries before being written down by two medieval scribes. It is comprised of one hundred laments to the named characters who fell, and follows a sophisticated alliterative poetics. Former National Poet of Wales Gillian Clarke is the first poet to create a translation. She animates this historical epic with a modern musicality, making it live in the language of today.

The great work of Welsh literature, translated in full for the first time in over 100 years by two of its country's foremost poets Tennyson portrayed him, and wrote at least one poem under his name. Robert Graves was fascinated by what he saw as his work's connection to a lost world of deeply buried folkloric memory. He is a shapeshifter; a seer; a chronicler of battles fought, by sword and with magic, between the ancient kingdoms of the British Isles; a bridge between old Welsh mythologies and the new Christian theology; a 6th-century Brythonic bard; and a legendary collective project spanning the centuries up to The Book of Taliesin's compilation in 14th-century North Wales. He is, above all, no single 'he'. The figure of Taliesin is a mystery. But of the variety and quality of the poems written under his sign, of their power as exemplars of the force of ecstatic poetic imagination, and of the fascinating window they offer us onto a strange and visionary world, there can be no question. In the first volume to gather all of the poems from The Book of Taliesin since 1915, Gwyneth Lewis and Rowan Williams's accessible translation makes these outrageous, arrogant, stumbling and joyful poems available to a new generation of readers.

Then they took the flowers of the oak, and the flowers of the broom, and the flowers of the meadowsweet, and from those they conjured up the fairest and most beautiful maiden that anyone had ever seen. Celtic mythology, Arthurian romance, and an intriguing interpretation of British history — these are just some of the themes embraced by the anonymous authors of the eleven tales that make up the Welsh medieval masterpiece known as the Mabinogion. They tell of Gwydion the shape-shifter, who can create a woman out of flowers; of Math the magician whose feet must lie in the lap of a virgin; of hanging a pregnant mouse and hunting a magical boar. Dragons, witches, and giants live alongside kings and heroes, and quests of honour, revenge, and love are set against the backdrop of a country struggling to retain its independence. Sioned Davies' lively translation recreates the storytelling world of medieval Wales and re-invests the tales with the power of performance.

**The Mabinogion** Llanerch Publishers

The complete collection of eleven prose stories collated from medieval Welsh manuscripts.

Drawing on pre-Christian Celtic mythology—with some of the themes having been dated back to the early Iron Age—this marvelous compendium of tales contains some of the oldest European folklore in existence. The source material—the Red Book of Hergest, or Llyfr Goch Hergest, first appeared around 1382 as a complete document, although older manuscript fragments have been found. The first volume of the Mabinogion focuses on three Welsh versions of the Arthurian Tales, called the

Three Romances (Y Tair Rhamant). It contains much material not found in any other version of the Arthurian legend, and scholars hold that this was the original legend upon which all others were based. The second volume contains a number of stories from Welsh legend, dating from well before medieval times, and includes the tales of Kilhwch and Olwen—from which other Arthurian traditions were drawn. Also included is the Dream of Maxen Wledig—which tells of the Roman Emperor Magnus Maximus who, as a commander in Roman-occupied Britain, assembled a Celtic army and assumed the title of Emperor of the Western Roman Empire. The third volume focuses on the character of Pryderi fab Pwyll, king of Dyfed, and contains the Four Branches of the Mabinogi—which tell of his parents, birth, marriage, conflict, adventures, and ultimate tragedy. This volume contains the oldest works of Welsh mythology. This new edition has been completely reset, but contains all the wonderful original artwork which appeared in the famous 1902 edition assembled by Welsh scholar Owen Edwards. From the introduction: "Some of the Mabinogion [has] been reconstructed in Norman and Crusading times, but they contain reminiscences of a more distant period, often but half understood by the later story-teller. Among these are "The Dream of Rhonabwy," "The Lady of the Fountain," and "Peredur the son of Evrawc"—the three which happen to come first in the Red Book. These are Christian, but with distant glimpses of Celtic heathenism. The adventures are all grouped around Arthur and his knights; and a kind of connection is given to the three tales by the presence of Owen and his mysterious ravens. "Others, especially the four Mabinogion properly so called and the Tale of Lludd and Llevelys, are far older; they are older than Christianity, and older than Arthur . . . [they are] all in a perfectly pagan atmosphere, neither the introduction of Christianity nor the growth of chivalry having affected them to any extent."

The Mabinogion is a collection of medieval folktales. First written down in the thirteenth or fourteenth century, the Red Book of Hergest is now housed in the library of Jesus College, Oxford. It was first translated into English by an English woman named Lady Charlotte Guest (1812-1895) and first published in 1849. Margery Hargest Jones endeavoured to translate it into more modern English so that it would be easier to understand while retaining the medieval sense of mystery. The twelve stories deal with medieval themes of magic, enchantment and the 'Otherworld'. It takes place in Wales when Arthur was king before the days of Camelot. The Taliesin adaptation was not written until the sixteenth century, but it is included here because Lady Charlotte included it in her book of The Mabinogion.

For over a thousand years, Arthur has had widespread appeal and influence like no other literary character or historical figure. Yet, despite the efforts of modern scholars, the earliest references to Arthurian characters are still shrouded in uncertainty. They are mostly found in poetic texts scattered throughout the four great compilations of early and medieval Welsh literature produced between 1250 and 1350. Whilst some are thought to predate their manuscript sources by several centuries, many of these poems are notoriously difficult to date. None of them are narrative in nature and very few focus solely on Arthurian material but they are characterised by an allusiveness which would have been appreciated by their intended audiences in the courts of princes and noblemen the length and breadth of Wales. They portray Arthur in a variety of roles: as a great leader of armies, a warrior with extraordinary powers, slayer of magical creatures, rescuer of prisoners from the Otherworld, a poet and the subject of prophecy. They also testify to the possibility of lost tales about him, his father, Uthr, his son, Llachau, his wife, Gwenhwyfar, and one of his companions, Cai, and associate him with a wide array of both legendary and historical figures. Arthur in Early Welsh Poetry, the fourth volume in the MHRA Library of Medieval Welsh Literature series, provides discussion of each of the references to Arthurian characters in early Welsh poetic sources together with an image from the earliest manuscript, a transliteration, a comprehensive edition, a translation (where possible) and a word-list. The nine most significant texts are interpreted in more detail with commentary on metrical, linguistic and stylistic features.
