CARLA MICHAEL

Encyclopedia of Ukraine University of Toronto Press
Vladimir C. Nahirny's brilliant study of major issues in Russian social and intellectual history synthesizes historical and sociological perspectives in an analysis of the nineteenth century Russian intelligentsia. He clarifies the concept of the intelligentsia itself, analyzes findings bearing on the social origins of different generations of intelligentsia, and enlarges understanding of conditions that facilitated the emergence of ideological groups among them. The Russian Intelligentsia develops a conceptually focused view of this distinct social group, arguing that the Russian intelligentsia can best be understood on the basis of orientation to ideas rather than on social or occupational position. Rather than simply providing an intellectual history or biographical sketches of major figures, Nahirny illuminates these concepts through data, creating an immersive context unlike other discussions of these groups. This book was, and will be, of interest to those interested in the problematic and contradictory social-political roles of intellectuals during this time.

Terrorists and Social Democrats Transaction Publishers
Various aspects of geotechnical earthquake engineering and soil dynamics are highlighted in this all-inclusive book. The current progress in the field of earthquake engineering has been discussed with primary focus on the seismic safety of dams and underground monuments, Bryan's effect, and the mitigation plans against landslide and fire whirlwind. The book discusses various interesting researches that have been contributed by researchers and experts from many countries. The researches presented in this book will be helpful for graduates, researchers and scientists working in these areas of structural and earthquake engineering. It will also be of significance to civil engineers working on building and reconstruction of structures such as dams, buildings, roads and others.

Prophets and Conspirators in Prerevolutionary Russia Thomas Nelson

The missing act in the late nineteenth-century Russian revolutionary drama is played in this pioneering book. Norman Naimark reinterprets the decade of the 1880s as one full of radical underground circles, grouping and regrouping in kaleidoscopic fashion. Along with later celebrated sects, they laid the foundations of Russian Marxism.

Crazy Dangerous Cambridge, Mass. : Harvard University Press
For prospective and current educational administrators learning about school and community relations. A well-researched text that presents school officials with information on how to establish effective relationships in the school community. This best-selling text provides school officials with a practice guide to successfully implementing effective communication with their staff and the community - while also providing readers with the research that explains how each strategy will improve school quality, community participation, and student learning. The School and Community Relations is organized in such a way that students learn how to establish a working community relations program in an easy-to-understand and step-by-step fashion. In addition, the text's authors are comprised of experienced practitioners and educators that have gained their knowledge and tested their strategies in school systems around the country.

The Quantum Theory of Many-particle Systems Transaction Pub

In this magisterial and exciting book, Ulam offers a brilliant history of Russian political and intellectual life in those critical years from 1855 to 1884 and describes the successive conspiracies that shook the edifice of tsarist autocracy.

School and Community Relations

Do Right, Fear Nothing. Sam Hopkins is a good kid who has fallen in with the wrong crowd. Hanging around with car thieves and thugs, Sam knows it's only a matter of time before he makes one bad decision too many and gets into real trouble. But one day,

Sam sees these friends harassing an eccentric schoolmate named Jennifer. Finding the courage to face the bullies down, Sam loses a bad set of friends and acquires a very strange new one. Jennifer is not just eccentric. To Sam, she seems downright crazy. She has terrifying hallucinations involving demons, the devil, and death. And here's the really crazy part: Sam is beginning to suspect that these visions may actually be prophecies—prophecies of something terrible that's going to happen very soon. Unless he can stop it. With no one to believe him, with no one to help him, Sam is all alone in a race against time. Finding the truth before disaster strikes is going to be both crazy and very, very dangerous. "The adrenaline-charged action will keep you totally immersed." —RT Book Reviews

On the Current Situation in the Ukraine

The struggle for national liberation, the freedom to develop an independent identity--these are the issues advocated with fiery eloquence in this absorbing political tract. Written in 1919 by two Ukrainian-born Bolsheviks, *On the Current Situation in the Ukraine* is the first impressive statement of national communism. Vasyl' Shakhrai and Serhii Mazlakh were passionate advocates of Ukrainian independence, in particular opposition to the policies of Lenin. In their view, Lenin talked about national self-determination, but in actuality his aim was to preserve the territorial integrity of the former Russian Empire and the preeminent status of Russia. On the Current Situation in the Ukraine brought its authors expulsion from the Party; and the book is still suppressed in the Soviet Union. It remains a remarkably relevant discussion of Soviet motives and the national aspirations of states living in the shadow of a great world power. *Geotechnical Earthquake Engineering and Soil Dynamics* Over thirty years in the making, the most comprehensive work in English on Ukraine is now complete: its history, people, geography, economy, and cultural heritage, both in Ukraine and in the diaspora.
