Cut Out Paper Dolls: Best Friends John Wiley & Sons

The comprehensive guide for the operation and maintenance of large turbo-generators Operation and Maintenance of Large Turbo-Generators is the ultimate resource for operators and inspectors of large utility and industrial generating facilities who deal with multiple units of disparate size, origin, and vintage. It offers the complete scope of information regarding operation and maintenance of all types of turbine-driven generators built in the world. Based on the authors' combined sixty years of generating station and design work experience, the information presented in the book is designed to inform the reader about actual machine operational problems and failure modes that occur in generating stations and other types of facilities. Readers will find very detailed coverage of: Design and construction of generators and auxiliary systems Generator operation, including interaction with the grid Monitoring, diagnostics, and protection of turbo-generators Inspection practices, including stator, rotor, and auxiliary systems Ideas for improving plant reliability and reducing costs and electrical failures Maintenance testing, including electrical and nondestructive examination Operation and Maintenance of Large Turbo-Generators comes filled with photos and graphs, commonly used inspection forms, and extensive references for each topic. It is an indispensable resource for anyone involved in the design, construction, protection, operation, maintenance, and troubleshooting of large generators in generating stations and industrial power facilities. The book is also an excellent learning tool for students, consultants, and design engineers.

Drawing Projects for Children Crossway Diesel engine is acknowledged for its superior efficiency and possesses a wide field of applications. It is also known as CI engine. Diesel engines also however, are the prime source of emissions such as

NOX and particulate matter (PM). In order to reduce the emissions to an absolute minimum, this book explain as to how these toxins can be regulated. It is no hidden secret that the world is witnessing an oil crisis. But with other alternative sources such as biogas, natural gas and coke based substances; diesel is not the only way forward. The unique characteristics and properties such as combustion and emission of the aforementioned alternatives are explained extensively in this book. The book also goes on to explain how one can look for early signs of wear and tear and malfunctioning components of a diesel engine and its parts.

Skull-face Bookseller Honda-san Cambridge University Press

Every child who has access to a smartphone, tablet, computer, or video games is at risk! But now you can keep them safe. This is the first book that will give you a plan designed to keep kids safe online! A must-read for every parent!

Irishness and Womanhood in Nineteenth-Century British Writing Arcadia Publishing

Once in a while a product line comes along that offers men and women the opportunity to truly reclaim the youthful face they thought they had lost forever. Without drugs, electricity or anything harmful or hurtful millions of people worldwide have successfully and reliably used exercise to trim, lift and tone sagging muscles. Just like muscles in the body can be exercised, the facial muscles can greatly benefit from exercise but not just any exercise will do. Contortions, twists, puckers and funny faces will not shape or contour sagging facial muscles in a mature face. The Facial Magic facial exercise system will lift, tone and tighten sagging facial muscles. These proven, easy-to-execute isometric movements require only minutes a day to perform and most users say they look 5, 10 even 15 years younger in just weeks as eyelids tighten, eye brows lift, the forehead smoothes, jowls and pouches melt away as double chins lessen, dramatically revealing a sculpted jaw line. Facial Magic provides the look of a face lift without surgery, seams or risk of infection. Using only the thumbs and fingers while

wearing special exercise gloves, your "age erasers" will produce immediate lifting and tightening of the facial features. In about three weeks the appearance of fine lines and wrinkles become less apparent as the muscles plump up the skin helping the user's face look refreshed, radiant and younger. This book contains all 18 Facial Magic exercises. Learn two exercises each week - each exercise requires 35 seconds - so in just minutes a day you will feel and see the youthful results you desire.

A Treatise on Plane and Spherical Trigonometry Running Press Adult

This wonderful book features two paper dolls and more than 70 full-color fanciest outfits, including: skirts, tops, dresses, leggings, jackets, shoes, sweaters, shorts and pajamas. Cut them out and start playing! Paper dolls are great for storytelling and role-playing. Plus, they help to develop communication and cooperation skills. In addition, this book helps practice manual dexterity with careful cutting around the outfits. All the clothes in this book were inspired by the biggest fashion brands. Younger children may need the help to cut these dolls out (dolls and clothes are not perforated). However, this is a nice opportunity for fun family time. Makes a perfect gift for girls ages 3-7 along with any fashion item like t-shirt, dress or purse. This book is one of four books in the Cut-Out Paper Dolls series. Scroll up and click on the link to discover more books. You can order a few of them or choose the one that you like better.

Trader Vic's Tiki Party! Franklin Classics Trade Press

'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light

on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New Yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

The Tricontinental Revolution provides a major reassessment of the global rise and impact of Tricontinentalism, the militant strand of Third World solidarity that defined the 1960s and 1970s as decades of rebellion. Cold War interventions highlighted the limits of decolonization, prompting a generation of global South radicals to adopt expansive visions of self-determination. Long associated with Cuba, this anti-imperial worldview stretched far beyond the Caribbean to unite international revolutions around programs of socialism, armed revolt, economic sovereignty, and confrontational diplomacy. Linking independent nations with non-state movements from North Vietnam through South Africa to New York City, Tricontinentalism encouraged marginalized groups to mount radical challenges to the United States and the inequitable Euro-centric international system. Through eleven expert essays, this volume recenters global political

debates on the priorities and ideologies of the Global South, providing a new framework, chronology, and tentative vocabulary for understanding the evolution of anti-imperial and decolonial politics.

Operation and Maintenance of Large Turbo-Generators DigiCat

The tiki volcano is erupting all over again, and now Trader Vic's, the legendary purveyor of Polynesian food, drinks, and fantasy, wants to help us bring it all home. Step behind the bar and into the kitchen at Trader Vic's and learn how to create the kind of tiki magic that made "the Trader" famous. Cocktail recipes include the Samoan Fog Cutter, the Tiki Puka Puka, Scorpion, the Kamaiina, and The Original Mai Tai, invented by Trader Vic himself in 1944. Appetizer recipes include crowd-pleasing pan-Asian small plates and nibbles, like Crispy Prawns, Cha Siu Pork, Ahi Tuna Poke, and Key Lime Chiffon Tartlets. Throw a rocking tiki party using the decorating, music-selection, bar-stocking, and menu-planning tips found here.

Elliott and Quinn's English Legal System Ashgate Publishing, Ltd.

A beautifully illustrated book with simple exercises and games to help children of all ages discover drawing and encourage creativity.

The Online World, What You Think You Know and What You Don't John Romero Apologetics is for everyone. The Bible is clear that all believers are called to defend their faith. However, if apologetics is the formal process that we have come to expect, this sounds like an impossible task. But what if apologetics could be part of natural, normal conversation—both

from the pulpit and in everyday life?

Aimed at preparing you to clearly and confidently defend your faith, Expository Apologetics sets forth an approach to apologetics that is rooted in Scripture and eminently accessible. Filled with real-world examples and practical advice, this book will equip you with the tools you need to think biblically and converse persuasively—offering unbelievers “a reason for the hope that is in you.” Fresh from the Farm 6pk HarperCollins UK Buddhist meditation, while attracting less popular attention than some other meditative disciplines, has given rise to a particularly rich literature in recent years. Despite differences in style and terminology, these modern writings on Buddhist meditation serve much the same purposes as did the manuals and commentaries of the classical masters: to explicate and interpret the Buddha's teachings on meditation, to clarify the nature and value of the various meditative techniques and attainments, and/or to offer advice on the actual practice of meditation. Meditators are increasingly inclined to compare and evaluate critically what the different contemporary meditation masters have to say, to weigh up the results of relevant scientific studies, or to consult translations of the primary texts in search of the Buddha's 'original' teachings on meditation. Writers on meditation are also increasingly adopting an appropriately critical approach, particularly as regards the reliability of textual accounts. Relatively few still commit the old error of assuming that the Pali canon is a complete and faithful record of what the Buddha said on the subject, or that the classical commentators were infallible authorities. The present collection of twenty-eight readings is designed to give meditators, researchers, and general readers ready access to representative samples of those writings, and to the principal relevant texts.

One Hundred Years of Good Company Routledge

In *The Wild Irish Girl*, the powerful Irish heroine's marriage to a heroic Englishman symbolizes the Anglo-Irish novelist Lady Morgan's re-imagining of the relationship between Ireland and Britain and between men and women. Using this most influential of pro-union novels as his point of departure, Thomas J. Tracy argues that nineteenth-century debates over what constitutes British national identity often revolved around representations of Irishness, especially Irish womanhood. He maps out the genealogy of this development, from Edgeworth's *Castle*

Rackrent through Trollope's Irish novels, focusing on the pivotal period from 1806 through the 1870s. Tracy's model enables him to elaborate the ways in which gender ideals are specifically contested in fiction, the discourses of political debate and social reform, and the popular press, for the purpose of defining not only the place of the Irish in the union with Great Britain, but the nature of Britishness itself.

The Tricontinental Revolution Ten Speed Press

Forty Acres was developed into a neighborhood in the 19th century from a 40-acre parcel of farmland. Just as many other neighborhoods have ethnic associations, many Irish Wilmingtonians have their roots in Forty Acres. Some Forty Acres families stayed for generations, and the neighborhood was popular well into the 20th century. What makes Forty Acres different is its sense of community and the close-knit relationships developed between its residents. While it is admired for its historic charm, the neighborhood is an urban community made up of a mixed-

use residential and commercial village within the city of Wilmington. Today Forty Acres continues to be a place where the word "neighbor" holds strength, value, and friendship.

Diesel Engine Handbook Andersen Press

Forty Acres Black Dog Pub Limited

Fairies Afield is a delightful children's book with kind and generous kids doing wonderfully lovely things, for which they receive magical prizes from fairies. It contains four charming stories. "Ask the Robin" deals with two orphaned sisters who need to survive on their own but may require help from fairies. "A Magic Table" is about three poor cousins who must earn the right to inherit their uncle's assets. "The Weather Maiden" revolves around a shy young girl having an awful time adapting to living with her aunt and uncle. "The Enchanted Trunks" deals with a girl who decides to travel with her cousin, but her main concern is being able to pack everything efficiently.

Expository Apologetics University of California Press

Today all politics are reproductive politics, argues esteemed feminist critic Laura Briggs. From longer work hours to the election of Donald Trump, our current political crisis is above all about reproduction. Households are where we face our economic realities as social safety nets get cut and wages decline. Briggs brilliantly outlines how politicians' racist accounts of reproduction—stories of Black "welfare queens" and Latina "breeding machines"—were the leading wedge in the government and business disinvestment in families. With decreasing wages, rising McJobs, and no resources for family care, our households have grown ever more precarious over the past forty years in sharply race-and class-stratified ways. This crisis, argues Briggs, fuels all others—from immigration to gay marriage, anti-feminism to the rise of the Tea Party.

The New Cocktail Hour

When you work in a Japanese bookstore like Honda-san, there are a million and one things to keep track of. Managing new releases, accounting for the revival of titles from the grave, understanding the unique(ly maddening) quirks of each manga publisher-it's enough to leave anyone bone-tired!
