*Brooks Robinson* DC COMICS bei Panini Comics Within the origin of one of the world's most iconic superheroes hides a fascinating family story—and a crucial history of feminism in the twentieth-century. “Everything you might want in a page-turner ... skeletons in the closet, a believe-it-or-not weirdness in its biographical details, and

something else that secretly powers even the most “serious” feminist history—fun.”

—Entertainment Weekly  
The Secret History of Wonder Woman is a tour de force of intellectual and cultural history. Wonder Woman, Jill Lepore argues, is the missing link in the history of the struggle for women's rights—a chain of events that begins with the women's suffrage campaigns of the early 1900s and ends with the troubled place of feminism a century later.

Lepore, a Harvard historian and New Yorker staff writer, has uncovered an astonishing trove of documents, including the never-before-seen private papers of Wonder Woman's creator, William Moulton Marston. The Marston family story is a tale of drama, intrigue, and irony. In the 1920s, Marston and his wife brought into their home Olive Byrne, the niece of Margaret Sanger, one of the most influential feminists of the twentieth century. Even while

celebrating conventional family life in a regular column that Marston and Byrne wrote for Family Circle, they themselves pursued lives of extraordinary nonconformity. Marston, internationally known as an expert on truth—he invented the lie detector test—lived a life of secrets, only to spill them on the pages of Wonder Woman. Includes a new afterword with fresh revelations based on never before seen letters and photographs from the Marston family's papers,

and 161 illustrations and 16 pages in full color. *Teen Titans Megaband - Bd. 4 (2. Serie): Das Ende von Robin* Marvel Entertainment

"Known to his squadron

mates at Guadalcanal as "Reaper Leader," Flatley - with Jimmie Thach and Butch O'Hare - was instrumental in communicating tactical advice throughout naval aviation and proving that, when used properly, the supposedly inferior F4F Wildcat fighter was actually superior to the Japanese Zero. His biographer, Steve Ewing, also explains how Flatley's combat experience established the credibility necessary for a middle-grade officer to initiate sweeping changes in

naval aviation, both at the front and with the entrenched naval establishment."

*Batman: The Doom That Came To Gotham* Insight Editions

Comics are a pervasive art form and an intrinsic part of the cultural fabric of most countries. And yet, relatively little has been written on the translation of comics. *Comics in Translation* attempts to address this gap in the literature and to offer the first and most comprehensive account of various aspects of a diverse range of social practices subsumed under the label 'comics'. Focusing on the role

played by translation in shaping graphic narratives that appear in various formats, different contributors examine various aspects of this popular phenomenon. Topics covered include the impact of globalization and localization processes on the ways in which translated comics are embedded in cultures; the import of editorial and publishing practices; textual strategies adopted in translating comics, including the translation of culture- and language-

specific features; and the interplay between visual and verbal messages. *Comics in Translation* examines comics that originate in different cultures, belong to quite different genres, and are aimed at readers of different age groups and cultural backgrounds, from Disney comics to Art Spiegelman's *Maus*, from Katsuhiro Ōtomo's *Akira* to Goscinny and Uderzo's *Astérix*. The contributions are based on first-hand research and exemplify a wide range of approaches. Languages covered

include English, Italian, Spanish, Arabic, French, German, Japanese and Inuit. The volume features illustrations from the works discussed and an extensive annotated bibliography. Contributors include: Raffaella Baccolini, Nadine Celotti, Adele D'Arcangelo, Catherine Delesse, Elena Di Giovanni, Heike Elisabeth Jüngst, Valerio Rota, Carmen Valero-Garcés, Federico Zanettin and Jehan Zitawi.
