Do you know what the hardest thing for a Turkish learner is? Finding PROPER reading material that they can handle...which is precisely the reason we've written this book! Teachers love giving out tough, expert-level literature to their students, books that present many new problems to the reader and force them to search for words in a dictionary every five minutes - it's

not entertaining, useful or motivating for the student at all, and many soon give up on learning at all! In this book we have compiled 20 easy-to-read, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the wonderful Turkish tongue. How Turkish Short Stories for Beginners works: - Each story is interesting and entertaining with realistic dialogues and day-to-day situations. - The summaries follow a synopsis in Turkish and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. - At the end of those summaries, you'll be

provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! - Finally, you'll be provided with a set of tricky questions in Turkish, providing you with the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! We want you to feel comfortable while learning the tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Turkish Short Stories for Beginners and level up your Turkish right now!

If you buy into the  
Pepé Le Pew  
stereotype of the  
French – arrogant,  
stuffy, overly amorous,  
and rather odiferous  
(Pepé Le Pew was a  
skunk. Talk about  
stereotypical!) – then  
think again. Not only  
are the French people  
some of the most  
relaxed, pleasant  
people you'll ever  
meet, but their society  
is one of the oldest,  
most culturally rich  
societies in the world.  
So it's no surprise that  
French is known as  
perhaps the most  
beautiful of all  
languages. Listen to

someone speak French  
– sure, you don't have  
a clue what she's  
saying, but aren't you  
enraptured by the  
sound of it?

Unfortunately, just  
because a language is  
beautiful doesn't mean  
that it's easy to learn.  
Although French has  
many things in  
common with English,  
French has had many,  
many centuries to  
evolve into the  
language it is today,  
which means it's had  
all that time to become  
more complex. That's  
where French For  
Dummies can help.  
Written in partnership  
with the language  
experts at Berlitz, this  
book can give you  
what you need for  
basic communication in  
French. French For  
Dummies covers the  
following topics and  
more: Basic

pronunciation and gestures The nuts and bolts of French grammar Meeting and greeting in French Situations in which you can use French: Making small talk, dining out, shopping, and talking on the phone Traveling to France: Dealing with French currency, staying at a hotel, and getting around town Top Ten lists on ways to pick up French quickly, things you should never say in French, favorite French expressions, and important French holidays to remember. Appendixes with verb conjugation tables, as well as a French mini-dictionary French For Dummies also comes with a CD that has audio transcriptions of all the exercises in the book, so that you can actually hear the

French pronunciations. So whether you're taking a business trip and need to pick up a little French quickly; you're cramming for your high school French final; or you've always wanted to learn a new language but don't have the time to drag yourself to a class once a week, French For Dummies can get you well on your way to becoming fluent in no time.

This volume is a comprehensive grammar of the Turkish language, suitable both for students of the Turkish language and linguistic scholars. Gerjan van Schaaik draws on sound linguistic research and an extensive corpus of real-life data, alongside more than twenty years of feedback from university classrooms, to provide the most complete, up-to-date, and practically useful survey of the Turkish language ever compiled. Following an introduction that provides background information on the Turkic languages and an overview of the linguistic terminology adopted in the volume, the first part of the book explores the fundamentals of Turkish spelling and

pronunciation. Parts II and III explore the noun phrase and adjuncts and modifiers, respectively, while Parts IV and V examine the verbal system and sentence structure. These first five parts together represent a valuable overview of the fundamentals of Turkish grammar. Part VI provides an account of the ways in which new words are constructed on the basis of existing material, and constitutes a bridge to the more advanced matter treated in parts VII and VIII, including relative clauses, subordination, embedded clauses, clausal complements and the finer points of the verbal system. The work will be accompanied by a companion website

that will provide exercises to accompany each part. Modern Brazilian Portuguese Grammar Workbook Assimil GmbH

Japanese is a wonderful language, very different from European languages. It is also the gateway to the rich culture of the exciting and complex island nation of Japan. Some people get intimidated by the prospect of speaking Japanese—worried that it's just too complex and different—but these fears are unfounded. While you can devote a lifetime

to the study of this or any language, picking up the basics of Japanese doesn't require any more than an interest and a willingness to try something new. Japanese For Dummies has everything you need to get off the ground with speaking the language. Author and Professor of Japanese Eriko Sato starts you off with the essentials of grammar and pronunciation, giving you a working sense of the language, before showing you Japanese in action. You'll then explore vocabulary and expressions through dialogues taking place in situations such as: Introductions and greetings Eating and drink ing Shopping Exploring the town Talking on the

telephone Asking directions Getting around Staying at a hotel You'll also discover social customs, formalities, and manners, from how and when to bow to how to unwrap a present. Whether you simply want to introduce yourself to the Japanese language, say a few words to a neighbor or coworker, or you're planning a major trip or study abroad in Japan, Japanese For Dummies will enable you to get the basics fast and work towards your own goal at your own pace. You'll also find out about: How to use karaoke to help you learn Japanese Movies that will introduce you to Japanese culture and language Learning Japanese the "gourmet" way When

ignoring “no, thank you” shows good manners Proper table manners Proper body language How to sound fluent And much more! With helpful vocabulary summaries, a mini-dictionary at the end, and an audio CD full of conversations and pronunciations, *Japanese For Dummies* assumes no prior knowledge of Japanese on your part—providing the perfect guide for a quick-but-thorough, lighthearted-but-not-lightweight introduction to the language.

German Grammar in a Nutshell Penguin

Mit diesem Band der jährlichen Buchreihe "Schriften zur Sprache und Literatur / Dil ve Edebiyat Yazıları" möchten wir einerseits die Arbeiten von erfahrenen Wissenschaftlern bzw.

Lehrkräften erreichbar machen, andererseits zielen wir darauf ab, NachwuchswissenschaftlerInnen zur Hervorbringung wissenschaftlicher Texte zu inspirieren. In diesem Sinne möchten wir besonders die Beiträge der Masterstudenten und Doktoranden hervorheben, die ihre in den Lehrveranstaltungen und Seminaren erworbenen Kenntnisse mit ihrer Erzeugungskraft verbunden und veranschaulicht haben. Die Arbeiten anderer, an verschiedenen Universitäten tätiger Lehrkräfte sind für solche, die sich mit verschiedenen Disziplinen wie Linguistik, Literatur, Literaturwissenschaft, Übersetzungswissenschaft,

haft, Kulturwissenschaft, Soziolinguistik, Psycholinguistik und Fremdsprachendidaktik beschäftigen, wegweisend. Wegweisend in dem Sinne, dass sie vielfältig sind und eine reiche Palette neuer Gesichts- bzw. Standpunkte aufweisen. Die Beiträge stammen nicht nur aus dem Bereich der Germanistik im weitesten Sinne; unser Band enthält auch Arbeiten, die sich – wenn auch indirekt – auf die Anglistik, Arabistik und Turkologie beziehen. Durch diese Vielfalt wird ein großer Leserkreis erreicht, der eine lange Reise in wissenschaftliche Nachbardisziplinen unternehmen und

somit mehrere Themen  
abschmecken kann.
