Protestant Politics is a new treatment of religion and politics in the German Reformation, ca. 1520 to 1550. It is based on the career of a leading urban politician, Jacob Sturm (1489-1553) of Strasbourg.

The history of printing, books, and libraries, is confined only to a limited extent within the boundaries of individual countries. There are, indeed, few historical developments which have played a more universal role, in reaction against all kinds of particularism, than type design, printing, book production, publishing, illustration, binding, librarianship, journal ism, and related subjects. Their history should be assessed and studied primarily in an international, not in a local, context. The bibliographical resources, however, which the historian of these sub jects has at his disposal correspond hardly at all to the essentially inter national character of the object of his studies. Since the appearance of the retrospective bibliography of BIG MORE and WYMAN, covering the subject comprehensively up to 1880, the only current bibliography has been the Internatwnale Bibliographie des Buch-und Bi bliothekswesens. Covering a representative part of newly published liter ature, it appeared from 1928, but did not survive the Second World War. More recently, several useful, but limited, bibliographies have appeared.

PILOTE DE RECO Le temps des commandements de cognac à washington Pen and Sword

This is the first complete bibliography of the writings of Yvan Goll (1891-1950), the French-German poet, novelist, dramatist, journalist and translator. The first part gives full details of Goll's publications during his lifetime, and includes books and pamphlets, contributions to periodicals, newspapers and anthologies, books and journals edited by Goll, translations by Goll, and his published letters. The second part makes it possible to trace the dissemination of Goll's work, with posthumous first publications, posthumous reprints in periodicals and anthologies, translations of Goll's works by others (into twenty languages) and musical collaborations and settings. A

comprehensive index of titles or first lines allows the user to trace single works through the various sections; there are also indexes of writers translated by Goll and letters by recipient. This bibliography documents the huge scope of the writings of an author who wrote in three major languages and published in many countries. It contains a wide range of references to texts hitherto unknown, many of them items in journals and newspapers, and is by far the most reliable source to date of what Goll actually wrote.

The Lloyd's Register of Shipping records the details of merchant vessels over 100 gross tonnes, which are self-propelled and sea-going, regardless of classification. Before the time, only those vessels classed by Lloyd's Register were listed. Vessels are listed alphabetically by their current name.

Subject Index of the Modern Works Added to the Library of the British Museum in the Years 1881-1900 BRILL

The Rotterdam City Library contains the world's largest collection of works by and about Desiderius Erasmus (1469?-1536), perhaps Rotterdam's most famous son. The origin of this unique collection dates back to the seventeenth century when the city fathers established a library in the Great or St. Laurence Church. This bibliography of the Erasmus collection lists, for the first time, all of the Rotterdam scholar's works and most of the studies written about him from his time to the present day. The collection is of vital importance to Erasmus studies and has, in many cases, provided the basic material for editions of Erasmus's complete works. In addition to the unique sixteenth-century printings listed in this book, the collection includes many translations into Estonian, Polish, Russian, Czech, Hebrew, and other languages. The Rotterdam Library has acquired publications about Erasmus that cover such topics as his life, work and times; his contemporaries; his humanism, pedagogy, pacifism, and theology; his relationship to Luther and the Reformation; and his influence on later periods. The collection numbers (as of 1989) roughly 5,000 works divided as follows: 2,500 works by Erasmus himself, 500 works edited by him, and 2,000 books and articles about him. This bibliographic resource will be of great value to Erasmus scholars, philosophy researchers, and historians studying the path of philosophical and religious thought.

Annual Report of the Trustees of the State Library Oxford University Press

"The story of a Roman Emperor that might have been" (Fighting Times). Germanicus was regarded

by many Romans as a hero in the mold of Alexander the Great. His untimely death, in suspicious circumstances, ended the possibility of a return to a more open republic. This, the first modern biography of Germanicus, is in parts a growing-up story, a history of war, a tale of political intrigue, and a murder mystery. In this highly readable, fast paced account, historical detective Lindsay Powell details Germanicus's campaigns and battles in Illyricum and Germania; tracks him on his epic tour of the Eastern Mediterranean to Armenia and down the Nile; evaluates the possible causes of his death; and reports on the cruel fate his wife, Agrippina, and their children suffered at the hands of Praetorian Guard commander, and Tiberius's infamous deputy, Aelius Sejanus.

Du nord au sud, la vie trépidantes des routes mythiques. Sur ces routes qui relient Paris à la Méditerranée, de nombreux véhicules se croisent chaque jour, des destins se nouent aux volants de camions de transport, parmi les vacanciers qui filent au soleil, dans les stations services ou dans les

restaurants de bord de route. Thierry Dubois, c'est le grand spécialiste de la Nationale 7, mais c'est aussi un dessinateur qui veut faire revivre et partager toutes ces petites histoires qui ont fait le mythe de la plus célèbre route de France.
