What YOU Need to Know about Living on Your Own! Help students prepare for the real-life challenges of living on their own with these essential new life skills lessons! Part of the new Independent Living Series, Getting a Place to Live provides practical advice and helpful information to teach students how to successfully prepare for, locate, and even rent an apartment. This essential program offers a large, easy-to-read font, colorful photos, and a low reading level to ensure these lessons are

accessible and usable for all students. This contains full color interiors and are editable. ENGAGING LESSONS: These sequential lessons walk students through key topics and guides them along the path to Independent Living. The first section, Preparation, begins with creating a housing budget and progresses to helpful tips on finding a good roommate. The second section, Renting, gives students valuable information about finding the right place to live. They learn how to interpret rental terminology and abbreviations and how to read rental ads. They learn what to expect when meeting a landlord, filling out a rental application, and signing a rental agreement. The last section, Moving, guides students through the process of transferring utility service,

packing, and then renting and loading a moving truck. FOLLOW UP ACTIVITIES: READING, WRITING & MATH! Follow-up activities include practical application math, basic comprehension questions to reinforce understanding, and practical writing exercises. Some questions ask students to think about the information given and express their opinions and ideas. VOCABULARY: These essential lessons include a glossary of key words and phrases students may not be familiar with plus activities to test understanding of the new words and phrases. These words and phrases are highlighted in bold throughout the text. TABLE OF CONTENTS: SECTION ONE: Preparation.....

The Complete Fire Officer III and IV Training Solution! Chief officers need to know how to make the transition from company officer to chief officer. Chief Officer: Principles and Practice is designed to help make the transition from company officer to chief officer a smooth evolution. Covering the entire scope of Levels III and IV from the 2009

Edition of NFPA 1021, Standard for Fire Officer Professional Qualifications, Chief Officer combines current content with dynamic features and interactive technology to better support instructors and to help prepare future chief officers to become problem-solving leaders for their organizations. Chief Officer: Principles and Practice has a clear focus on instilling fire fighter safety throughout an organization's culture. Reducing fire fighter injuries and deaths requires the dedicated efforts of every fire fighter, fire officer, and fire department. The entire fire community must work together to achieve one common goal: to ensure that everyone goes home. Chief officers therefore set the tone for safety in their organization, and this textbook embraces that philosophy. It is

with this goal in mind that the 16 Firefighter Life Safety Initiatives, developed by the National Fallen Firefighters Foundation, are integrated throughout the text. The features in this textbook will help students take that extra step toward becoming outstanding chief officers. These features include:

- Scenario-Based Learning. You Are the Chief Officer and Chief Officer in Action are found in each chapter to encourage and foster critical thinking skills.
- Practical Tips for the Chief Officer. Chief Officer Tips and Voices of Experience essays are integrated into each chapter to provide helpful advice from experienced chief officers.
- Level IV Job Performance Requirements. Fire Officer Level IV content is highlighted to discern Level III JPRs from Level IV.
- Walk the

Talk. Additional activities encourage students to take what they have learned in the chapter and apply it to their own department.
