*A Wrinkle in Time* University of Michigan Press ELT

In order to succeed in school and beyond, students in grades 6-12 need to understand and use both academic language and discipline-specific vocabulary. This book describes effective practices for integrating vocabulary study with instruction in English language arts, history/social studies, and math and science, and for helping students become independent, motivated word learners. The expert authors present a wealth of specific teaching strategies, illustrated with classroom vignettes and student work samples. Connections to the Common Core State Standards (CCSS) are highlighted throughout; an extensive annotated list of print and electronic resources enhances the book's utility.

Vocabulary knowledge plays a huge role in the academic success of middle school students. But which words do students need to know to master the content in their textbooks, and how can they be learned? This book has the practical answers educators need. Middle school teachers will get five extensive, research-based lists of academic vocabulary words most frequently used in student textbooks, the words kids need to know to increase their comprehension and succeed in school. Teachers will also get critical background information on the importance of academic vocabulary, guidance on testing word knowledge, and proven teaching strategies for weaving vocabulary instruction into their everyday lessons. A great resource for in-service professional development and preservice teacher preparation courses. Help middle school students: strengthen academic vocabulary knowledge in five key school subjects; understand why the words they encounter in textbooks are important; improve comprehension and eliminate roadblocks to understanding what they read; and increase school success, for all students including English language learners and those with disabilities. Practical materials include: five research-based lists of hundreds of academic vocabulary words, each one devoted to a key content area; helpful discussion questions; and 15 detailed vocabulary instruction activities.

*English Idioms in Use Intermediate Book with Answers* Peter Lang

Vocabulary teaching often becomes an isolated activity rather than an integral part of our overall teaching. When this happens, students seldom internalize those words or incorporate them into their writing or speaking. In *Tools for Teaching Academic Vocabulary*, Janet Allen provides strategies that will help students learn new words, become more conscious of words, and increase competence in knowing when and how to use words. *Tools for Teaching Academic Vocabulary* centers on four components of effective vocabulary instruction--providing rich and varied language experiences, teaching individual words, teaching word-learning strategies, and fostering word consciousness--and provides tools to develop effective instruction for each component. Janet offers advice on teaching vocabulary across the curriculum, exploring how best to teach general academic vocabulary, discipline-specific vocabulary, topic-specific vocabulary, and passage-critical vocabulary. Like its popular predecessors, *Tools for Content Literacy* and *More Tools for Content Literacy*, this spiral-bound, tabbed flipchart offers instant access to succinct descriptions, practical strategies, and manageable assessments. From word logs to word webs, from naming and knowing text features to using internal and external context clues, Janet provides teachers with tools that will help them save time and be more flexible and confident in meeting students' needs.

**Academic Vocabulary In Use (South Asian Edition)** University of Michigan Press ELT

Academic texts present subject-specific ideas within a subject-independent framework. This book accounts for the presence of academic words in academic writing by exploring recurring patterns of function in texts representing different subject areas. The book presents a framework which describes academic word use at the ideational, textual and interpersonal levels. Functional categories are presented and illustrated which explain the role of academic words alongside general purpose and technical terms. The author examines biomedical research articles, and journal articles from arts, commerce and law. A comparable analysis focuses on university textbook chapters. Case studies investigate patterns of functionality within the main sections of research articles, compare word use in academic and non-academic texts reporting on the same research, and explore the carrier word function of academic vocabulary. The study concludes by looking at historical and

contemporary processes which have shaped the presence of academic vocabulary in the English lexicon.

Madeleine L'Engle's ground-breaking science fiction and fantasy classic, now a major motion picture.

It was a dark and stormy night; Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem. *A Wrinkle in Time* is the winner of the 1963 Newbery Medal. It is the first book in *The Time Quintet*, which consists of *A Wrinkle in Time*, *A Wind in the Door*, *A Swiftly Tilting Planet*, *Many Waters*, and *An Acceptable Time*. *A Wrinkle in Time* is now a movie from Disney, directed by Ava DuVernay, starring Storm Reid, Oprah Winfrey, Reese Witherspoon and Mindy Kaling. This title has Common Core connections.
