, Only the

is a glimpse at  
the political

climate of the times which shaped the life of one man." --Ebony Soul Survivor Soul Survivor I wanted to die... Sometimes I'd sit and try to will myself to death so I could fade away. I truly believed no one in this world loved me because I was not lovable, and I agreed with my mother that I should never have been born. Mary Eliza Reese Jr., also known as 'Little Mary, ' was born in Jackson,

Mississippi, and reared in Los Angeles, California. As an African American living during the racial tension of the '50s and '60s, Little Mary found her light-colored skin to be a major issue, but that wasn't her only problem. Little Mary's mother, 'Big Mary, ' caused her to endure numerous life-threatening situations due to her drinking problem. Big Mary was co-owner of a well-known and respected mortuary in

the African American community in Los Angeles. Little Mary's childhood experiences, and the mental and physical abuse she grudgingly faced each day, led her to believe that her only true friends were the dead people in her mother's mortuary. Little Mary's story tells what really happens behind the embalming room doors--the light and dark side of life. In her incredible and

extraordinary memoir, *A Soul Survivor*, author Mary Ross Smith explores the depths of human emotions, both real and imagined. That any of us reach adulthood in one piece, emotionally or physically, is a miracle of no small proportion. That any of us reach adulthood to contribute back to society and become highly respected in the community is truly a gift of time and

place. Little Mary's story is one of heartbreak and anguish, but one that ends in triumph. It is an enlightening and revealing peek into the unexpected and is, in the end, a story of *A Soul Survivor*.

It must be a part of human nature to love

drama. We never would have sold as many records -- and we never would have been this popular -- if our member changes did not happen. Up until that point, we were squeaky-clean nice girls who couldn't get on the cover of any magazines. -- Beyoncé Knowles  
They're beautiful, they're talented, they're bootylicious . . .  
. From first kisses and broken hearts to pillow fights and legal

battles to losing friends and finding strength in God, Beyoncé Knowles, Kelly Rowland, and Michelle Williams share it all. Their example of survival has made Destiny's Child one of the most beloved, bestselling female groups ever. Here for the first time, the three share the struggles that have made them stronger, from Beyoncé's battles with weight loss and shyness, Kelly's coming to terms with

growing up without a dad, and Michelle's triumph over grade-school bullies. They've grown up under the media microscope, and have had to deal with lineup changes and media rumors. Now they set the record straight. The demands and drama, the schedules and scrutiny -- from the tour bus to the dressing rooms to backstage at awards shows, Beyoncé, Kelly, and Michelle talk about what it

takes to be successful. Whether it's changing outfits in the rain, changing their hair color, or changing a name, they've done it. Don't be mistaken, they're not a prefab group of young girls -- they're smart, independent women with a lot of soul. When these ladies had only minutes of studio time to work with Wyclef Jean to remix one of their songs, they didn't stress, they just started singing faster

-- and the result was a unique sound that put them on the map. Everyone has caught on to the Destiny's Child groove -- Whitney Houston, Bono, and Michael Jackson have all given them props, and the King of Pop himself serenaded them with a rendition of "Bootylicious." Beyoncé, Kelly, and Michelle take you behind the scenes of a video rehearsal at which Aaliyah rewound their practice

music, to the set of Austin Powers 3, where a starstruck Beyoncé felt anything but foxy before auditioning for the part of Foxy Cleopatra, and backstage at the Grammys, where a last-minute costume change fiasco nearly kept Michelle from going onstage. With total honesty, these soul survivors not only dish the details of their past, but share their hopes, plans, and dreams for the future.

Soul Survivor explores the depths of human emotions, both real and imagined. That any of us reach adulthood in one piece, emotionally or physically is a miracle of no small proportion. That any of us reach adulthood to contribute back to society and become highly respected in the community is

truly a gift of time and place. Soul Survivor is a true story of fortitude, and iron will and looking to the future in the hope that tomorrow will be better than today. Soul Survivor is nothing less than a story of triumph. "Little Mary" Reese spent her childhood living, working and playing in a funeral home. Her mother, Mrs. Mary ("Big Mary") Reese, was well known and respected in the African-American

community in Los Angeles through the operation of a prestigious black funeral home. Little Mary's story tells what really happens behind the embalming room doors—the light and dark side of life. Soul Survivor is both humorous and mischievous, and talks of sex, murder, voodoo, preachers and deviate gravediggers. Famous entertainers that passed through Little Mary's life include Redd

Foxx, Lou Rawls, Sam Cooke, Billy Preston and Johnny Cochran. Little Mary was born in 1944 in the South, reared in the Southwest and was often disparagingly referred to as "high-yellow." During racial tensions of the '50s and '60s, Little Mary found her hue to be a major issue but not her only problem. Mary's mother caused her to endure life threatening situations due to her drinking and wild ways. Little Mary's

childhood experiences, the mental and physical abuse faced each day, led her to believe that her only true friends were the dead people in the funeral home. Indeed, Little Mary received a BS degree (Be Smart) at an early age. It was the only way she knew to survive. Little Mary's story is and unlikely but revealing peek into the unexpected and in the end, truly a story of a Soul Survivor. *Soul Survivor* Nine Eight

*A Soul Survivor* Da Capo Press "A world-class soul singer." -- Bonedog Records Chuck Corby (aka Chuck Ciorra) has been performing for nearly sixty years and has recorded his songs on most of the major

R&B labels. He is a Pittsburgh treasure, but his recordings have reached audiences across the country and internationally as well. His sound is R&B, and you would swear you are listening to a black artist when you hear him sing. When he first recorded "Man Loves Two" in 1966, he was promoted as such in order to get play from the black R&B radio stations. When Chess Records heard "Man Loves Two," they arranged for

Little Milton to sing his version of the song. To this day, Chuck receives royalty checks on this record, but no others. A common practice of managers back in the early recording days was to put a fictitious name as head writer so they could receive unearned royalties. Chuck's manager was no exception. Chuck tells the story of an exceptional career countered by a personal life of joy, turmoil,

and heartbreak. He does not hold back about his years of alcohol abuse, anger issues, failed marriages, or clinical depression. His love of family and friends is evident throughout the pages, and you feel his loss when he shares the deaths of those closest to him. His family is his heart, but his music, more than anything else, is his soul.
