Annual List of New and Important Books Added to the Public Library of the City of Boston ASCD

Here are 51 easy-to-use, classroom-tested alternatives to the "stand and deliver" teaching techniques that cause so many students to tune out or drop out. Teachers report that these techniques motivate students to participate in learning, as they build confidence and are supported by compelling and safe ways to demonstrate their knowledge and understanding of lessons. Refined through years of classroom experiences and supported by updated research, this 2nd edition delivers a dozen new techniques to engage K-12 students in active learning. The authors provide detailed descriptions of the Total Participation Techniques (TPTs) with step-by-step instructions--plus reproducible blackline masters for student response cards as well as posters to remind you to use the techniques. They also suggest how you can adapt and personalize the techniques to fit your context and content. Packed with examples from authentic classrooms, Total Participation Techniques is an essential toolkit for teachers who want to present lessons that are relevant, engaging, and cognitively challenging. Pérsida Himmele and William Himmele are professors who regularly work with preservice teachers and consult with educators in U.S. and international schools. They are also the authors of Total Literacy Techniques.

Quarterly accession lists; beginning with Apr. 1893, the bulletin is limited to "subject lists, special bibliographies, and reprints or facsimiles of original documents, prints and manuscripts in the Library," the accessions being recorded in a separate classified list, Jan.-Apr. 1893, a weekly bulletin Apr. 1893-Apr. 1894, as well as a classified list of later accessions in the last number published of the bulletin itself (Jan. 1896)

The American Orator New York : C.B. Richardson

Revolutions and Reconstructions gathers historians of the early republic, the Civil War era, and African American and political history to consider not whether black people participated in the politics of the nineteenth century but how, when, and with what lasting effects. Collectively, its authors insist that historians go beyond questioning how revolutionary the American Revolution was, or whether Reconstruction failed, and focus, instead, on how political change initiated by African Americans and their allies constituted the rule in nineteenth-century American politics, not occasional and cataclysmic exceptions. The essays in this groundbreaking collection cover the full range of political activity by black northerners after the Revolution, from cultural politics to widespread voting, within a political system shaped by the rising power of slaveholders. Conceptualizing a new black politics, contributors observe, requires reorienting American politics away from black/white and North/South polarities and toward a new focus on migration and local or state structures. Other essays focus on the middle decades of the nineteenth century and demonstrate that free black politics, not merely the politics of slavery, was a disruptive and consequential force in American political development. From the perspective of the contributors to this volume, formal black politics did not begin in 1865, or with agitation by abolitionists like

Frederick Douglass in the 1840s, but rather in the Revolutionary era's antislavery and citizenship activism. As these essays show, revolution, emancipation, and Reconstruction are not separate eras in U.S. history, but rather linked and ongoing processes that began in the 1770s and continued through the nineteenth century. Contributors: Christopher James Bonner, Kellie Carter Jackson, Andrew Diemer, Laura F. Edwards, Van Gosse, Sarah L. H. Gronningsater, M. Scott Heerman, Dale Kretz, Padraig Riley, Samantha Seeley, James M. Shinn Jr., David Waldstreicher.

What will teenage Ben Franklin do to get his stories printed in his brother's newspaper? How will a chance meeting with young John Adams change Abigail's attitude toward school and learning? Read this book to find out.

The American Orator: with an Appendix, Containing the Declaration of Independence, with Fac-similes of the Autographs of the Signers, Etc University of Pennsylvania Press

In this study of the encounter between Vietnam and the United States from 1919 to 1950, Mark Bradley fundamentally reconceptualizes the origins of the Cold War in Vietnam and the place of postcolonial Vietnam in the history of the twentieth century. Among the first Americans granted a visa to undertake research in Vietnam since the war, Bradley draws on newly available Vietnamese-language primary sources and interviews as well as archival materials from France, Great Britain, and the United States. Bradley uses these sources to reveal an imagined America that occupied a central place in Vietnamese political discourse, symbolizing the qualities that revolutionaries believed were critical for reshaping their society. American policymakers, he argues, articulated their own imagined Vietnam, a deprecating vision informed by the conviction that the country should be remade in America's image. Contrary to other historians, who focus on the Soviet-American rivalry and ignore the policies and perceptions of Vietnamese actors, Bradley contends that the global discourse and practices of colonialism, race, modernism, and postcolonial state-making were profoundly implicated in--and ultimately transcended--the dynamics of the Cold War in shaping Vietnamese-American relations.
