Archaeologist Dr. Benjamin Maschel receives a mysterious letter inviting him to an unknown location on the other side of the world. Once there, he is quickly informed by Jahar, a wise old guardian of the descendants, that his genealogy and life's purpose is nothing he has believed to be the truth. Hidden deep in this special of all places, these descendants of the mighty warriors of old have been guarding secret treasures for hundreds of generations

ordered by King Solomon. They find out after the arrival of the archeologist, that something of far greater importance has been purposely hidden from them for the past 3,000 years right under their noses. Battling within himself to understand what is transpiring, this new unbelievable secret completely envelops Dr. Maschel's scenes of ancient Biblical times with heroes of old, and dinosaurs roaming the earth, as a plethora of surprises leaves him

bewildered about truth and myths.
