Behind the pine grove the setting sun had left a zone of fire against which the trunks of the pine trees stood out like bronze columns. The path was rugged and uneven, giving evidence of the ravages wrought by the winter rains; at intervals loose stones, looking like teeth detached from the gum, rendered it still more impracticable. The melancholy shades of twilight were beginning to envelop the landscape; little by little the sunset glow faded away and the moon, round and silvery, mounted in the heavens, where the evening star was already shining. The dismal croaking of the frogs fell sharply on the ear; a fresh breeze stirred the dry plants and the dusty brambles that grew by the roadside; and the trunks of the pine trees grew momentarily blacker, standing out like inky bars against the pale green of the horizon. [pg 002] A man was descending the path slowly, bent, apparently, on enjoying the poetry and the peace of the scene and the hour. He carried a stout walking-stick, and as far as one could judge in the fading light, he was young and not ill-looking. He paused frequently, casting glances to the right and to the left as if in search of some familiar landmark. Finally he stood still and looked around him. At his back was a hill crowned with chestnut trees; on his left was the pine grove; on his right a small church with a mean belfry; before him the outlying houses of the town. He turned, walked back some ten steps, stopped, fronting the portico of the church, examined its walls, and, satisfied at last that he had found the right place, raised his hands to his mouth and forming with them a sort of speaking trumpet, cried, in a clear youthful voice: "Echo, let us talk together!"

The Triumphs of Petrarch SAGE

The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, *Narcoland* has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, *Narcoland* takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names – not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

The American debut of one of Granta's Best Young Spanish-Language Novelists, *My Fathers' Ghost Is Climbing in the Rain* is a daring and deeply affecting story of one Argentine family's buried secrets. James Laughlin has been called the American Catullus. Like that most Greek of ancient Latin poets, he elevates his everyday subjects with wit and clarity of language. Love and hate, death and aging, politics, literature, travel, the horrors of war - Laughlin's muse speaks of all these things with a fresh directness that makes his poems both timeless and contemporary. The founder of New Directions, Laughlin's efforts as publisher and poet have been to prolong and extend the old poetic traditions. Poetry for him is, in Gertrude Stein's phrase, a "continuous present" in all times and cultures. Laughlin developed his distinctive tight metrics with the advice of William Carlos Williams. A longer, comical line is found in the recent poems of Laughlin's doppelganger, Hiram Handspring. The Man in the Wall follows Laughlin's recent Collected Poems (Moyer Bell Limited).
