Pink Floyd's The Wall is one of the most iconic and imaginative albums in the history of rock music, spawning one of the most ambitious stage show productions ever conceived, and a film that instantly became a cult classic. All three were created in close collaboration with renowned cartoonist and illustrator Gerald Scarfe. Here, for the first time, Scarfe shares his experiences

with the band and reveals the inside story behind The Wall's development in the studio, on the stage, in front of the camera, and for the 2010 tour. Beautifully illustrated, *The Making of Pink Floyd: The Wall* contains hundreds of unseen photos as well as exclusive interviews with Roger Waters, David Gilmour, Nick Mason, and more. The result is a book Waters calls "brilliant" and "absolutely amazing."

In the first book-length consideration of the topic for sixty years, Kevin Donnelly examines the importance of music in British film, concentrating both on musical scores, such as William Walton's score

for *Henry V* (1944) and Malcolm Arnold's music for *The Bridge on the River Kwai* (1957), and on the phenomenon of the British film musical.

[Come Back with the Wind](#) HarperCollins UK

On March 2, 1965, "The Sound of Music" was released in the United States and the love affair between moviegoers and the classic Rodgers and Hammerstein musical was on. Rarely has a film captured the love and imagination of the moviegoing public in the way that "The Sound of Music" did as it blended history,

music, Austrian location filming, heartfelt emotion and the yodeling of Julie Andrews into a monster hit. Now, Tom Santopietro has written the ultimate "Sound of Music" fan book with all the inside dope from behind the scenes stories of the filming in Austria and Hollywood to new interviews with Johannes von Trapp and others. Santopietro looks back at the real life story of Maria von Trapp, goes on to chronicle the sensational success of the Broadway musical, and recounts the story of the near cancellation of the film when the "Cleopatra" bankrupted 20th Century Fox. We all know that Julie Andrews and Christopher Plummer played Maria and Captain Von Trapp, but

who else had been considered? Tom Santopietro knows and will tell all while providing a historian's critical analysis of the careers of director Robert Wise and screenwriter Ernest Lehman, a look at the critical controversy which greeted the movie, the film's relationship to the turbulent 1960s and the super stardom which engulfed Julie Andrews. Tom Santopietro's "The Story of 'The Sound of Music'" is book for everyone who cherishes this American classic. *Flat Stanley and the Missing Pumpkins* Da Capo Press  
The long-awaited sequel to *Songwriters on Songwriting*, often called "the songwriter's bible," More

Songwriters on Songwriting goes to the heart of the creative process with in-depth interviews with many of the world's greatest songwriters. Covering every genre of popular music from folk, rock 'n' roll, Broadway, jazz, pop, and modern rock, this is a remarkable journey through some sixty years of popular songwriting: from Leiber & Stoller's genius rock 'n' roll collaborations and Richard Sherman's Disney songs to Kenny Gamble's Philly Sound; Norman Whitfield's Motown classics; Loretta Lynn's country standards; expansive folk music from Peter, Paul, and Mary; folk-rock from Stephen Stills; confessional gems from James Taylor; poetic

excursions from Patti Smith; Beatles magic from Ringo Starr; expansive brilliance from Paul Simon; complex melodic greatness from Brian Wilson; the most untrustworthy narrator alive in Randy Newman; the dark rock theater of both Alice Cooper and Rob Zombie; the sophisticated breadth of Elvis Costello; the legendary jazz of Herbie Hancock; the soulful swagger of Chrissie Hynde; the funny-poignant beauty of John Prine; the ancient wisdom fused with hip-hop and reggae of Matisyahu; and much more. In all of it is the collective wisdom of those who have written songs for decades, songs that have impacted our culture forever.

*Jailbait #1* OUP USA  
You've never used a video guide like this before. You loved Chariots of Fire and

you want to see something like it. Where do you start? Look up Chariots of Fire in the index, and find it in Drama. There you'll see it listed under White Flannel Films: Welcome to the glory days of the British empire when the ruling class rode horses on large country estates, servants were in plentiful supply, and only an adulterous lover questioned the status quo. As in other costume dramas, the period details are celebrations of all that was brilliant and luxurious, with the camera sweeping over British, Indian, or African countryscapes and exquisite turn-of-the-century interiors. But all this lush upholstery doesn't cover up the

intelligent, thoughtful stories -- usually based on Lawrence, Forster, and Waugh novels -- played by stellar British actors. In *White Flannel Films* there are concise, witty reviews of select movies like *A Room with a View* *A Passage to India* *Heat and Dust* *The Shooting Party* *Out of Africa* *White Mischief* and more. There is also a unique ratings system that helps you distinguish the bombs from the sleepers. But the key is that all these films offer the same kind of viewing experience -- if you like one, chances are good you'll like the others, too. *Seen That, Now What?* is your own personal video genius, who knows everything about movies and exactly what you like to watch.
