Baby Sign Language Basics Union Square & Co.
Sign Language for Everyone is authored by Cathy Rice, who along with her late husband, Bill, founded the Bill Rice Ranch, the largest missionary enterprise dedicated to reaching the deaf for Christ. An extension of their

ministry, this book covers lessons and rules to follow when learning to sign and interact with the deaf.

American Sign Language for Beginners Gallaudet University Press

Sign Language Made Simple will include five Parts: Part One: an introduction, how to use this book, a brief history of signing and an explanation of how signing is different from other languages, including its use of non-manual markers (the use of brow, mouth, etc in signing.)

Part Two: Fingerspelling: the signing alphabet illustrated, the relationship between signing alphabet and ASL signs Part Three: Dictionary of ASL signs: concrete nouns, abstractions, verbs, describers, other parts of speech-approx. 1,000 illustrations. Will also include instructions for non-manual markers, where appropriate. Part Four: Putting it all together: sentences and transitions, includes rudimentary sentences and lines from poems, bible verses, famous quotes-all illustrated. Also, grammatical aspects, word endings, tenses. Part Five: The Humor of Signing: puns, word plays and jokes. Sign Language

Made Simple will have over 1,200 illustrations, be easy to use, fun to read and more competitively priced than the competition. It's a knockout addition to the Made Simple list.

Student Study Guide to

McGraw Hill Professional This series of tapes is designed to illustrate the various exercises and dialogues that help beginning students in reading sign language.

E-Z American Sign Language Simon and Schuster

Discover the intricacies of American Sign Language with this comprehensive, essential guide to learning the basics of sign language. The appeal of American Sign Language (ASL) has extended beyond the Deaf community into the mainstream—it's even popular as a class in high school and college. You are guided through the basics of ASL with clear instruction and more than 300 illustrations. With a minimum of time and effort, you will learn to sign: the ASL alphabet; questions and common expressions; numbers, money, and time. With info on signing etiquette, communicating with people in the Deaf community, and using ASL

to aid child development, this book makes signing fun for the entire family.

Sign Language for Everyone Thomas Nelson

"With the increase of American Sign Language being offered as a foreign language in high schools, this book addresses issues to better prepare high schools in their recruitment and education of new ASL students"--

American Sign Language Gallaudet University Press

Learning a new language is easier than you think!

This informative book teaches you the basics of American Sign Language. As many as two million Americans communicate with American Sign Language, making it the third most-used language in the United States.

American Sign Language uses easy-to-follow photographs to teach you the alphabet, numbers, and simple words and phrases. Divided into categories—such as animals, people, and pronouns—the book and accompanying flash cards show you how to use your hands to communicate. Once you've learned the alphabet, you'll build on that knowledge to learn the words for "friend," "family," and so much more! And when you see

how the words for “chicken” and “cat” evoke a chicken opening and closing its beak and a cat stroking its whiskers, you'll truly understand how intuitive and enjoyable learning American Sign Language can be!

Number Signs for Everyone Therapy Skill Builders

Now, deaf students, hearing students in Deaf studies programs, and

students in interpreter training programs will find all they need to understand the structure of American Sign Language (ASL) in the new, expanded and revised *Linguistics of American Sign Language: An Introduction*. This unique resource presents authoritative readings on the most current linguistic concepts, including the fundamentals of phonology, morphology, syntax, semantics, and the use of language. Individual chapters on these basics have been designed to stimulate discussion about the ongoing development of ASL linguistic theory. *Linguistics of American Sign Language* includes homework questions, themes for classroom interaction, and study sheets centering on a story signed in ASL on the course videotape. Each unit provides an exercise that requires students to view the story, then observe the use of specific signs isolated for close linguistic analysis, an invaluable process performed throughout the course.

The Everything Sign Language Book T J Pub Incorporated

As more and more secondary schools and

colleges accept American Sign Language (ASL) as a legitimate choice for second language study, Learning to See has become even more vital in guiding instructors on the best ways to teach ASL as a second language. And now this groundbreaking book has been updated and revised to reflect the significant gains in recognition that deaf people and their native language, ASL, have achieved in recent years. Learning to See lays solid groundwork for teaching and studying ASL by outlining the structure of this unique visual language. Myths and misconceptions about ASL are laid to rest at the same time that the fascinating, multifaceted elements of Deaf culture are described. Students will be able to study ASL and gain a thorough understanding of the cultural background, which will help them to grasp the language more easily. An explanation of the linguistic basis of ASL follows, leading into the specific, and above all, useful information on teaching techniques. This practical manual systematically presents the steps necessary to design a curriculum for teaching ASL, including

the special features necessary for training interpreters. The new Learning to See again takes its place at the forefront of texts on teaching ASL as a second language, and it will prove to be indispensable to educators and administrators in this special discipline.

My Asl Book Crown

The Joy of Signing Allyn & Bacon

The videocassettes illustrate dialogues for the text it accompanies, and also provides ASL stories, poems and dramatic prose for classroom use.

Each dialogue is presented three times to

allow the student to "converse with" each signer. Also demonstrates the grammar and structure of sign language. The teacher's text on grammar and culture focuses on the use of three basic types of sentences, four verb inflections, locative relationships and pronouns, etc. by using sign language. The teacher's text on curriculum and methods gives guidelines on teaching American Sign Language and Structured activities for classroom use.
