Candle reading is the practice of observing the signs and omens in the candle's behavior while the candle is burning. It includes reading the flame of candle, observing the smoke coming out of candle and interpreting it, reading the soot color on the candle, listening and understanding the sounds coming out of a candle, reading the wick of the candle, reading the wax left after the candle has burnt and also reading the

breaking of the candle along with the burning of herbs. This allows to check if the intention based candle has worked well or does the candle need to be repeated for optimum results. You can buy Hindu intention based candles at www.candlemagicworks.com or book a tarot counseling session with Kabir Deepak at www.mysticofeast.com to assess if you need a candle and what kind of candle would be needed for your unique situation.

A mother who cannot face her future. A daughter who cannot escape her past. Lady Elisabeth Kerr is a keeper of secrets. A Highlander by birth and a Lowlander by marriage, she honors the auld ways, even as doubts and fears stir deep within her. Her husband, Lord Donald, has secrets of his own, well hidden from the household, yet whispered among the town gossips. His mother, the dowager Lady Marjory, hides gold beneath her floor and

guilt inside her heart. Though her two abiding passions are maintaining her place in society and coddling her grown sons, Marjory's many regrets, buried in Greyfriars Churchyard, continue to plague her. One by one the Kerr family secrets begin to surface, even as bonny Prince Charlie and his rebel army ride into Edinburgh in September 1745, intent on capturing the crown. A timeless story of love and betrayal, loss and redemption, flickering against the vivid backdrop of eighteenth-

century Scotland, Here Burns My Candle illumines the dark side of human nature, even as hope, the brightest of tapers, lights the way home.

The main object of this book is to help you understand what you are doing, and to create and

develop your own techniques and rituals which will surely bring you the results you desire. It doesn't matter what your religion is. You really don't have to be religious (or anti-religious) at all. Candle burning is a Psychic and Psychological experience, and may compliment your particular faith by arranging your rituals to blend into it. Nevertheless, you need not do anything which you feel is inharmonious with your personal beliefs, as there are countless

alternatives. The one basic simple fact we can feel sure of is that the act of burning candles does indeed cause an altered state of awareness, producing changes in circumstances. Think of the millions of men and women who have been persuaded and seduced, or extracted promises and proposals, concluded business deals, patched up squabbles, and resolved differences or opinion in the glowing magic of a candlelight supper. And many a birthday wish has come

true when all the candle were blown out!

Calliope "Calley" Dakin is no normal little girl. She hears things that maybe a little girl shouldn't hear—and knows things a little girl should never know. Just seven when her beloved father is tortured, murdered, and

dismembered by two women with no discernable motivation, Calley and her mother find themselves caught up in inexplicable events that exile them to Pensacola Beach. There—in a house that’s a dead ringer for Calley’s late great-grandmother’s house—another woman awaits their presence. A woman who understands what Calley is, but can’t begin to imagine just how strong her bond is with her father—even after death... Known for his chilling Blackwater series,

author Michael McDowell left behind the unfinished manuscript for *Candles Burning* on his death in 1999. In the spirit of the ghost stories that Michael loved, Tabitha King has taken up where he left off. *Miracle Candle Spells* Courier Corporation

SOMEWHERE IN THE WORLD SOMEONE EXPERIENCES A MIRACLE EVERY MINUTE. HOW CAN YOU IMPROVE YOUR CHANCES OF HAVING YOUR OWN PRAYERS ANSWERED? We have all gone through periods of loneliness and grief caused by a crisis, an illness or perhaps even death. Out of despair we

may have gotten down on our knees and prayed to God for guidance and a miracle to happen in our lives. Many of us may feel disappointed that our prayers to God have gone mostly unanswered. Is it possible that we are NOT following the necessary "procedures" which will enable God to hear our call for help? Is there more to harvesting a miracle than just getting down on your knees and stretching out your hands in praise to the Lord, thereby having your demands meet? Co-author

Maria D' Andrea says that visualizing your prayers will ramp up the reaction you are likely to get. And, in order to intensify the visualization process, she teaches that there are several things which are of tremendous help in projecting your prayers with super speed into the Heavenly realms. 1. - Choosing the proper prayer -- one that is a quite specific petition to the Almighty. 2. The time (day) you select to send forth your prayer for help creates the necessary vibrations to get a

positive answer. 3. Candles are important in any spiritual ritual. Burning a specific colored candle alongside you when you pray will light the way to a positive outcome for your prayers. 4. And burning incense will send your message directly to the cosmos. There are specific incenses that will aid in obtaining the desired positive results, depending on the prayers you wish to have recognized. This book contains dozens of

relevant prayers that can turn your life around as well as their associated colored candle types, mixtures of incense to be burned and times that are best to increase your chances of experiencing a miracle. So focus specifically on your intentions. Speak with determination. And, above all else, use the spiritual tools given in this specially blessed book and you could also experience a miracle a minute!
