Some of the Best from  
Tor.com: 2012 Edition  
Catapult

A novel. A field manual. A novel field manual.

**Recipes for Disaster**  
Crown Forum

This comprehensive chronology provides coverage of every international terrorist attack covered in public literature—including newspapers, news magazines, radio, television, websites, and other media—from 2008 through 2012, plus updates on events that occurred before that period. It notes trends in suicide bombings, violence against Western and local hostages, letter

bombs, food tampering, major assassinations, and other attacks by terrorists of all stripes. Changes in security measures around the world are also included, as are the key players in each event, ranging from terrorists to victims to individuals trying to prevent the next attack.

**Cuisines of the Axis of Evil and Other Irritating States**

CrimethInc. Collective  
"A Rule Is To Break says: Go ahead and throw your best self a party! So glad it exists."—Kristin Hersh, Throwing Muses  
"After encountering the lively little anarchist in John and Jana's delightful A Rule is To Break, I will always remember the playful little devil with a mind of her own. A children's book on anarchy seems

somehow just right: an instinctive, intuitive sense of fairness, community, and interdependence sits naturally enough with a desire for participatory democracy, self-determination, and peace and global justice."—Bill Ayers, author of To Teach: The Journey in Comics and Fugitive Days  
Simply celebrating childhood: the joy, the wonder of discovery, the spontaneity, and strong emotions. . . . Wild Child is free to do as she pleases. A Rule Is To Break: A Child's Guide to Anarchy follows Wild Child as she learns about just being herself and how that translates into kid autonomy. It presents the ideas of challenging societal expectations and tradition and expressing yourself freely in kid-

terms that are both funny and thought provoking—it even functions as a guidebook for adults to understand what it is to be a critically thinking, creative individual. Wild Child is the role model for disobedience that is sometimes civil. John Seven and Jana Christy's previous collaboration *The Ocean Story* won Creative Child magazine's 2011 Creative Child Award Seal of Excellence and was shortlisted for the 2012 Green Earth Book Award. *The Bread Bible* Vintage Protests as Events: Politics, Activism and Leisure is an edited collection that explores activism as a leisure activity and protests as events.

#### Explosives and

#### Homemade Bombs

Manchester University Press

An international culinary conspiracy! *Soy Not Oi 2* is a new project to celebrate the 25th year of the infamous *Soy Not Oi Cookbook* and to pay tribute to Joel Olson. This book has over 200 original vegan recipes, over 100 original illustrations, essays by multiple contributors, a whole chapter dedicated to brewing your own craft beer, a chapter with essays dedicated to our

dear friend Joel and much, much more.--

#### Rules for Radicals

Rowman & Littlefield

First published in 1971, *Rules for Radicals* is Saul Alinsky's impassioned counsel to young radicals on how to effect constructive social change and know "the difference between being a realistic radical and being a rhetorical one." Written in the midst of radical political developments whose direction Alinsky was one of the first to question, this volume exhibits his style at its best. Like Thomas Paine before him, Alinsky was able to combine, both in his person and his writing, the intensity of political engagement with an absolute insistence on rational political discourse and adherence to the American democratic tradition.

#### Hungry for Peace Penguin

The de facto how-to manual of the international Food Not Bombs movement, which provides free food to the homeless and hungry and has branches in countries on every continent except Antarctica, this book describes at length how to set up and operate a Food Not Bombs chapter. The guide considers every aspect of the operation,

from food collection and distribution to fund-raising, consensus decision making, and what to do when the police arrive. It contains detailed information on setting up a kitchen and cooking for large groups as well as a variety of delicious recipes.

Accompanying numerous photographs is a lengthy section on the history of Food Not Bombs, with stories of the jailing and murder of activists, as well as premade handbills and flyers ready for photocopying.

#### **Evasion** McFarland

Learn to cook a range of brutally tasty yet simple plant-based dishes, accompanied by heavy metal and punk lyrics, art, and ethos. This vegan cookbook is jam packed with recipes for stews, soups, sauces, noodle & bean dishes, baked entrees, and desserts, interspersed with illustrations of adorable armed animals, meditations on suicide, a crossword puzzle, and instructions for DIY tattoo guns. Expand your cooking repertoire with recipes from around the world, including Grizzly Bear Gnocchi, Taco Thrash-erole, Misery Wot, Gotterdamerung Dopple-Chocolate Cookies, and

Hair of an Angel Knotted by the Persistence of a Mortal. Each recipe is paired with a metal song to listen to while you cook. Based on a series of long-obscure 1990s zines, this underground classic is now in its third edition, bringing you practical, animal-free cooking skills that will soothe your justified despair at the bloodthirstiness and futility of human nature. *Setting Sights* See Sharp Press

Children are very vulnerable and perfect targets to internet crimes, with that new technology presents complex challenges for law enforcement agencies and victim service providers. This book provides parents with practical advice to combat internet crimes by identifying the types, risk factors and explanations. *Cancelled Flight* Rowman & Littlefield

The eagerly awaited second offering from the CrimethInc. collective offers up a collection of stories, anecdotes from in and around the margins of drop-out culture. We dumpstered, squatted, and shoplifted our lives back. Everything fell into place when we decided our lives were to be lived. Life serves the risk taker...

Guaranteed to be a best-seller. Snap em up while you can.

The chemistry of powder and explosives PM Press Like The Anarchist Cookbook if it were written by the U.S. Army! **B S Johnson and Post-War Literature**

Crimethinc The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There is detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a

comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows. *U.S. Army Improvised Munitions Handbook* Bloomsbury Publishing USA

A beautifully illustrated vegan cookbook packed with delicious recipes and entertaining essays. The ingredients used are available everywhere not just in fancy health food stores. Recipes include basic white sauce, cornbread and cookies. For committed vegans, there are exciting variations like stuffed shells, dirty rice and 'Cinnamon Buns of Doom'. These recipes will delight both established vegans and those who interested beginners.

*Vegan with a Vengeance, 10th Anniversary Edition* powerHouse Books Chris Fair has dined with soldiers in the Khyber Pass and with prostitutes in Delhi, rummaged for fish in Jaffna, and sipped Taliban tea in Peshawar. *Cuisines of the Axis of Evil* is a sophisticated, fun, and provocative cookbook with easy-to-follow recipes from both America's traditional enemies in foreign policy—including Iran,

Iraq, and North Korea—and friends of the U.S. who are nonetheless irritating by any measure. In addition, each country section includes all the smart, acerbic geopolitical nuggetry you need to talk the talk with the best of them. Recipes include Iranian chicken in a walnut pomegranate stew, Iraqi kibbe, and North Korean spicy cucumber, as well as special teas, mango salads, beverage suggestions, and much more.

### **The Anarchist**

#### **Cookbook** OR Books

A collection of essays on the 1960s experimental writer B.S. Johnson, this book draws together new research on all aspects of his work, and, in tracing his connections to a wider circle of continental, British and American avant-garde writers, offers exciting new approaches to reading 1960s experimental fiction.

#### Protests as Events Tor Books

Little is more dangerous to U.S. forces fighting insurgents in hot spots around the world than improvised explosive devices. It's the weapon of choice for under-funded forces aimed to attack American soldiers with low risk to themselves.

This official U.S. manual is the complete guide to using and dismantling boobytraps. Here you can learn how to assemble, use, detect, and remove boobytraps and demolition items in almost any situation. With intricate and detailed diagrams, you'll discover how army troops can disguise boobytraps in household items such as irons, teapots, and televisions; in structures such as window frames, stairways, and wooden beams; and in outdoor areas, in bushes and underground. Find out how boobytraps work, why they are used in the army, and the tactics behind their set-up. Learn the mechanics of the various types of firing devices, detonators, fuses, cords, adapters, blasting caps, and lighters. Also included are detailed instructions for detecting and removing boobytraps. The U.S. Army Guide to Boobytraps explains the responsibilities and safety issues that should be thoroughly understood by anyone using any weapon. Any military enthusiast will appreciate the level of detail this field manual offers.

*Two Cheers for Anarchism*  
Simon and Schuster

President Obama has declared that the greatest terrorist threat which America faces is attacks by lone wolf terrorists. This volume expands the lone wolf rubric to include autonomous cells: small groups of terrorists who cooperate, but operate independently. The challenge presented by lone wolves and autonomous cells, unlike the threat emanating from established terrorist groups like Al Qaeda, has proven intractable because of the difficulty of gathering intelligence on these actors or effectively countering their actions. Lone wolves operate under the radar, staging deadly attacks such as that at the Boston Marathon, and the 2011 attacks in Norway. This volume includes Theory and Policy Studies, individual case studies and the technological impacts of chemical, biological and nuclear weapons as well as the impact of social media in the process of recruitment and radicalization. This book was originally published as a special issue of *Terrorism & Political Violence*.

### **The Flying Troutmans**

Harry N. Abrams

A spirited defense of the anarchist approach to life

James Scott taught us what's wrong with seeing like a state. Now, in his most accessible and personal book to date, the acclaimed social scientist makes the case for seeing like an anarchist. Inspired by the core anarchist faith in the possibilities of voluntary cooperation without hierarchy, *Two Cheers for Anarchism* is an engaging, high-spirited, and often very funny defense of an anarchist way of seeing--one that provides a unique and powerful perspective on everything from everyday social and political interactions to mass protests and revolutions. Through a wide-ranging series of memorable anecdotes and examples, the book describes an anarchist sensibility that celebrates the local knowledge, common sense, and creativity of ordinary people. The result is a kind of handbook on constructive anarchism that challenges us to radically reconsider the value of hierarchy in

public and private life, from schools and workplaces to retirement homes and government itself. Beginning with what Scott calls the law of anarchist calisthenics, an argument for law-breaking inspired by an East German pedestrian crossing, each chapter opens with a story that captures an essential anarchist truth. In the course of telling these stories, Scott touches on a wide variety of subjects: public disorder and riots, desertion, poaching, vernacular knowledge, assembly-line production, globalization, the petty bourgeoisie, school testing, playgrounds, and the practice of historical explanation. Far from a dogmatic manifesto, *Two Cheers for Anarchism* celebrates the anarchist confidence in the inventiveness and judgment of people who are free to exercise their creative and moral capacities.

[Sneaky Uses for Everyday Things](#) Princeton University Press  
From the cofounder of

*Food Not Bombs*, an action-oriented guide to anarchism, social change, and vegan cooking Unlike the original *Anarchist Cookbook*, which contained instructions for the manufacture of explosives, this version is both a cookbook in the literal sense and also a "cookbook" of recipes for social and political change. The coffee-table-sized book is divided into three sections: a theoretical section explaining what anarchism is and what it isn't; information on organizational principles and tactics for social and political change; and finally, numerous tasty vegan recipes from one of the cofounders of the international *Food Not Bombs* movement. [Jam On CrimethInc. Collective](#) Presents a collection of baked bread recipes; outlines key baking techniques; and offers complementary information on ingredients, equipment, and baking chemistry.
