ICRMH 2019 European Alliance for Innovation

The conference committee encourages contributions on this wide range of topics through the use of a variety of rigorous approaches, including theoretical and empirical papers employing qualitative, quantitative and critical methods. Action-based research, case studies and work-in-progress/posters are enthusiastically welcomed. PhD research, proposals for roundtable discussions, practitioner contributions and product demonstrations based on the conference themes are also invited.

Indian Science Abstracts Three House Global Services

This is an open access book. Still related to the big theme of reinforcement the SDG's at the previous conference, we try to invite academics and researchers in the world to participate in the 3rd Borobudur International Symposium 2021 (3rd BIS 2021). As we know, The COVID-19 pandemic and its impact on all 17 SDGs have demonstrated that what began as a health catastrophe swiftly transformed into a human and socioeconomic crisis. In September 2019, the UN Secretary-General urged all sectors of society to mobilize for a decade of action on three fronts: global action to ensure increased leadership, increased resources, and smarter solutions for the Sustainable Development Goals; local action to embed the necessary transitions into governments' policies, budgets, institutions, and regulatory frameworks; and international action to ensure greater leadership, increased resources, and smarter solutions for the Sustainable Development Goals. Especially in 3rd BIS 2021, we brought up "Decade of Action towards Environmental Issues: Advancing the Innovation to Recover our Planet" as main theme. The conference will be held on Wednesday, December 15, 2021 in Magelang, Central Java, Indonesia. Scope includes Art & Linguistics, Communication, Economics, Education, Government Studies, Health Administration, Hospitality, International Relations, Law, Pharmacy, Political Studies, Psychology, Public Health, Religious Studies, Sociology, Health Sciences.

Handbook of Climate Change Communication: Vol. 2 Springer Nature

This book contains the proceedings of the First International Conference on law and human rights (ICLHR 2021). Where held on 14rd-15th April 2021 by virtually meeting in GMT+7 (Asia/Jakarta). This conference was held by Universitas Kristen Indonesia with the theme "ASEAN diversities and its principles toward ASEAN (Legal) Integration in Pandemic Era." The papers from this conference were collected in a proceedings book entitled: Proceedings of the First International Conference on law and human rights (ICLHR 2021). The presentation of such a multi-discipline conference will provide a lot of inspiring inputs and new knowledge on current trends in the fields of human rights, criminal law, civil law, politics, public policy, health law, education law, economic law, international law, and international private law. According to the argument, this conference will act as a valuable reference for numerous relevant research efforts in the future, especially in ASEAN. The committee recognizes that the smoothness and success of this conference cannot be separated from the cooperation of numerous stakeholders. As such, we like to offer our profound gratitude to the distinguished keynote speaker, invited speaker, paper presenters, and participants for their enthusiastic support of joining the First International Conference on law and human rights. We are convinced that the contents of the study from various papers are not only encouraged productive discussion among presenters and participants but also inspire further research in the respected field. We are greatly grateful for your willingness to join and share your knowledge and expertise at our conference. Your input was essential in ensuring the success of our conference. Finally, we hope that this conference will serve as a forum for learning in building togetherness, especially for academic networks and the realization of a meaningful academic atmosphere for the development of digital literacy in various fields of life. Thus, we hope to see you all at the second ICLHR.

World List of Universities and Other Institutions of Higher Education Springer

This book contains the proceedings of the The International Conference on Law, Social Science, Economics, and Education (ICLSSEE 2021). Where held on 6 Maret 2021 in Salatiga, Central Java. This conference was held in collaboration Nusantara Training and Research (NTR) with Borobudur University Jakarta and the Research and Development Agency of the Ministry of Home Affairs. The papers from these conferences collected in a proceedings book entitled: Proceedings of The International Conference on Law, Social Science, Economics, and Education (ICLSSEE 2021). The presentation of such conference covering multi disciplines will contribute a lot of inspiring inputs and new knowledge on current trending about: Law, Social Science, Economics, and Education. Thus, this will contribute to the next young generation researches to produce innovative research findings. Hopefully that the scientific attitude and skills through research will promote the development of knowledge generated through research from various scholars in various regions Finally, we would like to express greatest thankful to all colleagues in the steering committee for cooperation in administering and arranging the conference. Hopefully these seminar and conference will be continued in the coming years with many more insight articles from inspiring research. We would also like to thank the invited speakers for their invaluable contribution and for sharing their vision in their talks. We hope to meet you again for the next conference of ICLSSEE.

The Power Of Jamu (English Version) European Alliance for Innovation

With new technologies constantly being created, implemented, and sold, it is a robust opportunity for companies to hop on board with the latest digital trends. With the business world undergoing rapid changes and advancements in current times, the transformation process has been rapid and

the disruptions significant. This has created a culture of innovation and a plethora of available business opportunities, especially when focused on Central Asia, Southeast Asia, and East Asia. Along with these innovative technologies and new opportunities in the business world comes challenges and trends within the Asian region that require more attention and advanced research to fully understand this digital transformation era and the resulting impacts, challenges, and solutions. The Handbook of Research on Disruptive Innovation and Digital Transformation in Asia addresses key topics for understanding business opportunities in Asia, covering a variety of challenges and nations in the Asian region from technological disruption and innovation to connectivity and economic corridors in Asia, Islamic finance and tourism, and more. Due to its innovative topics and approaches, geographical focus, and methodologies, the chapters provide readers with a unique value in bringing new perspectives to understanding emerging businesses and challenges in Asia. This book is ideal for professors in academia, deans, students, politicians, policymakers, corporate heads of firms, senior general managers, managing directors, information technology directors and managers, and researchers.

ICoSI 2014 Springer Nature

Examines the ways in which religion and nationalism have interacted to provide a powerful impetus for mobilization in Southeast Asia.

Proceedings of the 3rd Borobudur International Symposium on Humanities and Social Science 2021 (BIS-HSS 2021) CRC Press

This two-volume-set constitutes the refereed proceedings of the 6th International Conference on Future Information Technology, FutureTech 2011, held in Crete, Greece, in June 2011. The 123 revised full papers presented in both volumes were carefully reviewed and selected from numerous submissions. The papers are organized in topical sections on future information technology, IT service and cloud computing; social computing, network, and services; forensics for future generation communication environments; intelligent transportation systems and applications; multimedia and semantic technologies; information science and technology.

ICESC 2019 Springer Nature

As an annual event, International Conference on Religion and Mental Health (ICRMH) 2019 continued the agenda to bring together researcher, academics, experts and professionals in examining selected theme by applying multidisciplinary approaches. In 2019, this event will be held in 18-19 September at Auditorium Faculty of Psychology, Syarif Hidayatullah State Islamic University, Jakarta. The conference from any kind of stakeholders related with Religion, Psychology, Social-Political and Social Related Studies. Each contributed paper was refereed before being accepted for publication. The double-blind peer reviewed was used in the paper selection.

The Candidate's Dilemma Academic Conferences and Publishing Limited

The 2nd International Conference on Sustainable Innovation emphasizes on natural resources technology and management to support the sustainability of mankind. The main theme of ICoSI 2014 "Technology and innovation challenges in natural resources and built environment management for humanity and sustainability " reflects the needs of immediate action from scientists with different fields and different geographical background to face the global issue on world's change.

Scientific American Springer Nature

This book describes environmental remediation technologies to remove pollutants from the environment and the environmental materials used for remediation. The focus is on the functional design of environmental materials, especially to create materials for coping with a variety of pollutants in different concentrations and conditions. The authors present research highlights from their work in this area and aim to inspire the development of new concepts in environmental remediation. This work is a must-read for practitioners who are exploring restoration technologies and materials for solving environmental pollution as well as researchers and graduate students studying environmental remediation. A number of Asian researchers who have been engaged in these studies are among the authors, and this book will contribute to solving pollution problems in Asia as well as the rest of the world.

The 6th Mechanical Engineering, Science and Technology (MEST 2022) International Conference Springer Nature

This comprehensive handbook provides a unique overview of the theory, methodologies and best practices in climate change communication from around the world. It fosters the exchange of information, ideas and experience gained in the execution of successful projects and initiatives, and discusses novel methodological approaches aimed at promoting a better understanding of climate change adaptation. Addressing a gap in the literature on climate change communication and pursuing an integrated approach, the handbook documents and disseminates the wealth of experience currently available in this field. Volume 2 of the handbook provides a unique description of the theoretical basis and of some of the key facts and phenomena which help in achieving a better understanding of the basis of climate change communication, providing an essential basis for successful initiatives in this complex field.

Proceedings of the National Academy of Sciences of the United States of America Trans Tech Publications Ltd

This is an open access book. The 3rd Universitas Lampung International Conference on Social Sciences (ULICoSS) 2022 (ULICoSS) 2022 is an international conference organized by the Institute for Research and Community Services, Universitas Lampung, Indonesia. The event took place on 6th - 7th September 2022 in Bandar Lampung City, on the Indonesian island of Sumatra. This event will adopt a hybrid working model, combining an in-person event with an online meeting via Zoom. Attendees and presenters are expected to interact in this way, using technology to connect to global networks. As has been widely stated in the literature, a number of reports and papers have examined the pandemic's negative effects, with the

majority of work to date focusing on COVID-19's negative impact on psychological well-being. Thus, social adjustment is required for resilience in order to adapt to and change in the face of adversity. In other words, it is clear that social adjustment, which includes the specific behaviors and abilities that people use to deal with daily problems and adapt to changing circumstances, is critical for global resilience today. As such, this international conference, which will feature five invited keynote speakers from the Czech Republic, Hungary, Indonesia, and Japan is intended to serve as a forum for the dissemination of specific alternative and significant breakthroughs in rapid social adjustments for global resilience, with an emphasis on global society, social welfare and development, and innovative communication, among other topics. Therefore, we invite scholars, academics, researchers, experts, practitioners, and university students to participate and share perspectives, experiences, and research findings by submitting papers on a variety of topics relevant to the conference's theme and scope. All abstracts and papers submitted for consideration will undergo a double-blind peer review process to ensure their quality, relevance, and originality.

LECTURE NOTES IN SOCIAL SCIENCES AND HUMANITIES: FRONTIER RESEARCH Cornell University Press

Penggabungan dan pengasingan kaedah kuantitatif dan kualitatif secara teknik 'penyegitigaan' dalam sesuatu kajian diterjemahkan ke dalam buku ini melalui pembentangan projek kajian sebenar. Penyegitigaan ialah strategi, pelan dan struktur yang digunakan untuk mendapatkan jawapan kepada permasalahan yang dikenal pasti pada peringkat awal kajian. Bencana tsunami yang melanda Aceh, Indonesia pada tahun 2004 telah menarik minat penulis untuk menjalankan kajian penilaian kesesuaian tanah untuk petempatan pascabencana dengan menggunakan teknik penyegitigaan ini. Kajian ini dijalankan secara komprehensif berdasarkan persekitaran fizikal dengan mengambil kira risiko bencana dan implikasi sosial. Buku ini diadaptasi daripada tesis doktor falsafah Muhammad Rusdi yang diselia oleh Ruhizal Roosli dan Mohd Sanusi S. Ahamad. Tesis ini telah dinobatkan oleh Universiti Sains Malaysia (USM) sebagai Tesis Terbaik dalam Majlis Persada Kencana pada tahun 2017. Walaupun terdapat sejumlah buku di pasaran yang membahaskan garis panduan pembangunan dan teknik penelitian umum penyegitigaan, namun buku-buku tersebut hanya memberikan contoh penggabungan kaedah kuantitatif dan kualitatif tanpa cadangan penyelesaian serta implikasi terhadap polisi pentadbiran dan persekitaran seperti yang dibincangkan dalam buku ini. Malah, buku ini turut memaparkan langkah demi langkah teknik penyegitigaan berdasarkan kajian kes berserta rajah dan penerangan lengkap. Buku ini sesuai dijadikan bahan rujukan bagi pengamal industri, pelajar, ahli akademik dan penyelidik.

Advanced Computer and Communication Engineering Technology Springer Nature

This is an open access book. It has been two years since the COVID-19 pandemic swept across the world. This has more or less left a mark of memories and trauma for more or fewer people. This pandemic reminds people around the world that there are things that can happen without people knowing it. People start to worry and pessimistically see the uncertainty that lies in the future. To deal with this, a strategy is needed through educational innovation and social science to answer and face the challenges of uncertainty in the future. Breakthroughs in education and social science are the most strategic ways to build and enhance human capacity to solve problems, environmental and social problems. The spirit of innovation, rising from an economic downturn, the use of technology is obtained through the role of educational institutions. This can be interpreted that innovation in education and social science produces superior humans, who have good behavior, and wise humans. So that in the face of uncertainty in the post-pandemic period, humans have strategies and become more prepared. To find out more about strategies for dealing with and responding to future uncertainties after the pandemic through educational innovations and social science, it is necessary to conduct research or studies that discuss these matters and be published widely. To support this, Universitas PGRI Yogyakarta held an international conference and Call for Papers The 1st UPY International Conference on Education and Social Science (UPINCESS) "Strategies to Deal with Uncertainty through Education and Social Science Innovation" on June 15, 2022.

Research in the Social Scientific Study of Religion, Volume 30 Springer

This book constitutes the refereed proceedings of the International Conference on Information and Communication Technology, ICT-EurAsia 2013, and the collocation of AsiaARES 2013 as a special track on Availability, Reliability, and Security, held in Yogyakarta, Indonesia, in March 2013. The 62 revised full papers presented were carefully reviewed and selected from a numerous submissions. The papers are organized in topical sections on e-society, software engineering, security and privacy, cloud and internet computing, knowledge management, dependable systems and applications,

cryptography, privacy and trust management, network analysis and security, and multimedia security.

The Chemical News and Journal of Industrial Science European Alliance for Innovation

This Conference proceeding presents high-quality peer-reviewed papers from the International Conference on Electronics, Biomedical Engineering, and Health Informatics (ICEBEHI) 2020 held at Surabaya, Indonesia. The contents are broadly divided into three parts: (i) Electronics, (ii) Biomedical Engineering, and (iii) Health Informatics. The major focus is on emerging technologies and their applications in the domain of biomedical engineering. It includes papers based on original theoretical, practical, and experimental simulations, development, applications, measurements, and testing. Featuring the latest advances in the field of biomedical engineering applications, this book serves as a definitive reference resource for researchers, professors, and practitioners interested in exploring advanced techniques in the field of electronics, biomedical engineering, and health informatics. The applications and solutions discussed here provide excellent reference material for future product development.

Proceedings of the 3rd International Conference on Cardiovascular Diseases (ICCvD 2021) BRILL

The Social Sciences Empowered contains papers presented at the 7th International Congress on Interdisciplinary Behavior and Social Science 2018 (ICIBSoS 2018), held 21-22 July 2018, Bangkok, Thailand, 22-23 September 2018, Bali, Indonesia, 6-7 October 2018, Kuta, Bali, Indonesia, and 24-25 November 2018, Yogyakarta, Indonesia. ICIBSoS 2018 provided the economic and social analysis necessary for addressing issues in Humanities disciplines such as Education, Sociology, Anthropology, Politics, History, Philosophy, Psychology as well as food security. Contributions to these proceedings give necessary insight into the cultural and human dimension of such diverse research areas as transport, climate change, energy and agriculture. ICIBSoS 2018 also analyses the cultural, behavioural, psychological, social and institutional drivers that transform people's behaviour and the global environment. ICIBSoS 2018 proposes new ideas, strategies and governance structures for overcoming the crisis from a global perspective, innovating the public sector and business models, promoting social innovation and fostering creativity in the development of services and product design.

Symposium of Materials Science and Chemistry III Springer

This is an open access book. Since human beings entering the modern era, risks have become parts of the very fabric of the society, either social, cultural, economy or political; they hit them entirely and continuously. The risks of the pandemic Covid-19 - hit the world in 2020 - have brought in a real jeopardy; new crises, new problems, new challenges that have radically changed ways of living of human beings in all continents and in all aspects of their daily activities. The issue of sustainability as the core principle to govern the today society - social, cultural, political and education - has been more prominent yet faced more difficult and unprecedented challenges. The academic conference addresses the issue of sustainability of social, education and political values, traditions and activities pursued by human beings in their daily life as now have been entirely affected by the pandemic. On the one hand, there is an inherent risk of the modern living, the vulnerability of human being and the power of nature that must be not only understood and learnt but also institutionalized and structured in various arena of social life of the people. On the other hand, there has been a tremendous change on the ways the social features of human living - from simple informal meeting/gathering of neighborhoods to daily shopping, formal working at the office/home, school teachings, professional football matches, elections and government/state ceremonies - being re-defined, reconstructed and carried out with online/virtual media. This new social fabric - thank to the Internet! - will eventually re-shape all established social institutions - states/government bodies, private companies, churches/religious organizations, schools/universities and so forth - on their approaches and serve the populace as well as their adaptation and change to survive and sustain.

Future Information Technology IGI Global

This is an open access book. The conferences aims to support research and development in the field of Global Innovation and Trends in Economics and Business. Another purpose is to improve scientific information exchange among researchers, developers, students, and practitioners. Every year, the conference will be organised to provide an excellent platform for individuals to discuss their perspectives and experiences in the fields of Global Innovation and Trends in Economics and Business, as well as related fields.

Strategic Entrepreneurial Ecosystems and Business Model Innovation Trans Tech Publications Ltd

Strategic Entrepreneurial Ecosystems and Business Model Innovation is the first collection to focus both on entrepreneurial ecosystems and business model innovation, thereby taking a novel and new approach to entrepreneurship and strategic management.
