George Washington, the former first president of the United States, lay in his bed suffering from a high fever, a raw throat, and labored breathing. His

three physicians milled around his bed, treating Washington with blisters of cantharides, tartar emetic, and bloodletting, removing nearly 40 percent of his total blood volume and causing excruciating pain. When Washington finally was relieved of his misery and died, the three doctors could not agree what caused his death. *Forensics II: The Science Behind the Deaths of Famous and Infamous People* reads like a mystery novel, presenting biographical and scientific information that helps readers understand how medical examiners-coroners utilized forensic analysis to determine the causes and manners of death of thirty-six famous and

infamous people, including Napoleon Bonaparte, a French military leader and politician; Charles Whitman, the University of Texas tower shooter; Bruce Lee, an actor and martial artist; Kurt Cobain, the lead singer of Nirvana; Jim Jones, a key figure in the Jonestown massacre; Aretha Franklin, a singer-songwriter; Alexander Litvinenko, a former officer of the Russian Federal Security Service; Jeffrey Epstein, a financier and convicted sex offender; and many more. The book is based on a review of publicly available autopsy and toxicology reports, published lay articles, and the scientific literature. Of the deaths reviewed, 39 percent were due to

natural causes, 19 percent were accidental, and 6 (17 percent) were suicides. The remaining deaths comprise three cases each of homicide and justifiable homicide by police, one case of court-mandated execution, and three cases in which the manner of death was undetermined.

Billboard Carpenter's Son Publishing "Fame Whore" tells the story of Tom Heaton, a drunken New York newspaperman, and Angie Roscelli, the fading Hollywood glamor girl he's fallen madlessly in love with. Angie, who is also being stalked by a Starbucks barista and Iraq War vet suffering from PTSD, must decide whether to send Tom back to the wife he left for her or live

with the imperfect man who swept her off her feet. Set among the glitter and glitz of Manhattan, L.A. and Merida, Mexico, "Fame Whore" is a gripping, hard-hitting and provocative look at the commodification of celebrity in the second decade of 21st Century America.

The Eos NYU Press From Glee to gay marriage, from lesbian senators to out gay Marines, we have undoubtedly experienced a seismic shift in attitudes about gays in American politics and culture. Our reigning national story is that a new era of rainbow acceptance is at hand. But dig a bit deeper, and this seemingly brave new gay world is disappointing. For all of the undeniable

changes, the plea for tolerance has sabotaged the full integration of gays into American life. Same-sex marriage is unrecognized and unpopular in the vast majority of states, hate crimes proliferate, and even in the much vaunted "gay friendly" world of Hollywood and celebrity culture, precious few stars are openly gay. In *The Tolerance Trap*, Suzanna Walters takes on received wisdom about gay identities and gay rights, arguing that we are not "almost there," but on the contrary have settled for a watered-down goal of tolerance and acceptance rather than a robust claim to full civil rights. After all, we tolerate unpleasant realities: medicine with strong

side effects, a long commute, an annoying relative. Drawing on a vast array of sources and sharing her own personal journey, Walters shows how the low bar of tolerance demeans rather than ennobles both gays and straights alike. Her fascinating examination covers the gains in political inclusion and the persistence of anti-gay laws, the easy-out sexual freedom of queer youth and the suicides and murders of those in decidedly intolerant environments. She challenges both “born that way” storylines that root civil rights in biology, and “god made me that way” arguments that similarly situate sexuality as innate and impervious to decisions

we make to shape it. A sharp and provocative cultural critique, this book deftly argues that a too-soon declaration of victory short-circuits full equality and deprives us all of the transformative possibilities of full integration. Tolerance is not the end goal, but a dead end. In *The Tolerance Trap*, Walters presents a complicated snapshot of a world-shifting moment in American history—one that is both a wake-up call and a call to arms for anyone seeking true equality.

Billboard StormFront Entertainment Spring Awakening is an extraordinary new rock musical with book and lyrics by Steven Sater and music by Grammy Award-nominated recording artist Duncan

Sheik. Inspired by Frank Wedekind's controversial 1891 play about teenage sexuality and society's efforts to control it, the piece seamlessly merges past and present, underscoring the timelessness of adolescent angst and the universality of human passion.

[Mara Wilson's] journey from child actress to Hollywood dropout...Who is she now? She's a writer."
—NPR's "Guide To 2016's Great Reads"
"Growing up, I wanted to be Mara Wilson. Where Am I Now? is a delight." —Ilana Glazer, cocreator and star of Broad City
Named a best book of the month by GoodReads and Entertainment Weekly
A former child actor best known for her starring roles in Matilda and Mrs. Doubtfire, Mara Wilson has always felt a little young and out of place: as the only kid on a film set full of adults, the first daughter in a house full of boys, a Valley girl in New York and a neurotic in California, and a grown-up the world still

remembers as a little girl. Tackling everything from what she learned about sex on the set of Melrose Place, to discovering in adolescence that she was no longer “cute” enough for Hollywood, these essays chart her journey from accidental fame to relative (but happy) obscurity. They also illuminate universal struggles, like navigating love and loss, and figuring out who you are and where you belong. Candid, insightful, moving, and hilarious, *Where Am I Now?* introduces Mara Wilson as a brilliant new chronicler of the experience that is growing up female. *Billboard* Xlibris Corporation
