About the book: In the 1960s and 1970s American automakers produced millions of muscle cars: high-performance cars more adept at competition than transportation. The baby boom generation snapped up these cars and proceeded to use them as intended, drag and street racing the cars until there was nothing left of them. No longer minimum-wage high schoolers, today's boomers enjoy more disposable income than any generation in history. And many of them are spending that income on highly collectible muscle cars. Because so few muscle cars survived the abuse of young drivers back in the day, muscle car prices have skyrocketed, with mundane muscle cars commanding six-figure prices and the most significant muscle cars surpassing the million-dollar mark. Respected muscle car expert Colin Comer and top photographer David Newhardt tell the story of each of these rarest of rare cars in *Million-Dollar Muscle Cars*, the only book dedicated to these top-flight cars. Thunderbird! An Illustrated History of the Ford T-Bird Howell Book House

I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.

The second in a series of highly practical, hands on, step-by-step photographic manuals, *Replacing Your Boat's Electrical System* fills a gap in the market for the DIY boat builder and repairer. It is a subject covered only in piecemeal fashion by the yachting press, which, like general boat repair manuals, can't go into the level of detail Micke Westin does. This is a visual, hand-holding guide, dwelling on the details as it explains each procedure rather than focussing on the theory (which is relegated to an appendix, for those who wish to go further).

This lecture attempts to tell stories through music and about music, and about the music of several cultures and times, about its effect on human experience, about the instruments and their makers in order to try and connect the present time with some of music's own roots, a cause for much reflection on the part of the lecturer.

The complete collection of John Connor's original *Guncrank Diaries* is all right here including excuses, alibis, pithy observations and general ephus. John Connor is a soldier, cop, father, lover of dogs, protector of the defenseless, guardian of what's right - and a fierce foe of what's wrong. He's fought evil, brutality and tyranny in the jungles of Vietnam, as a cop on the city streets of a major Southern California city, and in a host of god-forsaken places around the world. His friends often have very unusual names, and all remain fiercely loyal - and for very good reasons. This book isn't about what you think, either. Not at all. It's not just simply a series of columns John wrote for the pages of *American Handgunner Magazine*. They're stories, yes, but each has a meaning stronger than the words on the paper convey. Each one will drag deep-rooted, powerful memories from deep within you about things that were, or might have been. The effect this modest book will have on you won't buff out easily. Be prepared to be changed. What readers say about *Guncrank Diaries*: "Damn it Connor, stop it-stop it-stop it... my old eyes are not as tough as they used to be. Your story of the custom colt was just wonderful. I forwarded it to my wife ... now her eyes are leaking too. so just stop it!" Gary M. "I don't give a damn if the writer of *Guncrank* is or was a super secret special forces tacti-cool bad ass or if he was a truck driver or a mess sergeant. I like what he writes. I enjoy it

because it is entertaining. And its usually just plain funny. So whoever you are thanks, I appreciate what your do or did." Just an Army Guy "Like fine wine, Connor's insights age well and remain cogent. More please." Doc H

Buying, Driving, and Enjoying the Porsche 356 Crescent

Trailers are a fact of life in the horse world. Sooner or later, everyone who owns a horse will have to deal with a horse trailer in order to haul to shows, races, hunts, and perhaps even to veterinary clinics. Up to now, when horse owners wanted information on trailers they had to rely on magazine articles or word-of-mouth recommendations. Not anymore. *The Complete Guide to Buying, Maintaining, and Servicing a Horse Trailer* is the first and only book for both owners and buyers of horse trailers. It's a resource that gives prospective buyers, faced with hundreds of models to choose from, the means to make the right choice. It's a manual that gives current owners information on maintaining and caring for their trailers. Foremost, they will learn from lifelong horsewoman Neva Scheve and Thomas G. Scheve, both respected industry insiders, that the safety and comfort of the horse should always be the primary concern. This authoritative book, with more than 175 illustrations, addresses a number of important topics, including how to: * Determine whether to buy a new or a used trailer. * Ask the right questions of the dealer or owner. * Weigh the options and select the best model for your needs. * Evaluate tow vehicles and hitches. * Master pre-trip preparations. * Care for your current trailer. * Load, drive, and use a trailer safely. * Deal with typical exterior, interior, electrical and mechanical problems. * Assess the work of repairmen if the job is more than you can handle. ""Complete"" is not just an idle word: this book has an appendix that gives the names and addresses of the major trailer manufacturers to contact for literature. In all, the Scheves have given horse owners everything they need to make an informed purchasing decision that will benefit themselves and their horses.

"Glamour camping . . . is about the juxtaposition of rugged and really pretty, grit and glam, diesel and absolutely darling."—The New York Times Glamping—unleashing your inner wild while wearing a pair of fishing-lure earrings—is for every woman (or man!) who ever had a get-away-from-it-all fantasy (with a few frilly embellishments thrown in). Learn about the never-fail campfire, cooking with cast iron, how to change a flat, and much, much more. Like the infamous Calamity Jane, who said, "I figure if a girl wants to be a legend, she should go ahead and be one," MaryJane Butters coined the term glamping years ago when she founded her unusual Idaho canvas wall-tent bed &

breakfast, which was featured in The New York Times Magazine and Travel & Leisure as "the place to be." Legend status achieved, MaryJane lives in Moscow, Idaho, where she runs her many businesses, which include a successful organic farm, product lines, a bed & breakfast, and MaryJanesFarm magazine. This is her fourth book. "One busy, hectic afternoon in my house, I sat down to take a quick peek at Glamping. Over two hours later, I was still reading, blissfully lost in MaryJane's beautiful world. I'm dying over this book. I absolutely, positively LOVE IT!"—Ree Drummond, New York Times bestselling author of *The Pioneer Woman Cooks*

The Begging Deer

Do your desires have you going around in circles? You may be looking for fulfillment in all the wrong places. You vowed you'd never repeat the same mistakes—yet you find yourself right where you started. What is it that keeps drawing you back into the same old traps? The fact is, your longings are built from the blueprint of your needs: for protection, for love, for God. And those needs aren't going anywhere. Sheila speaks candidly about the trials in her life, including the heartache of her first marriage, and intertwines her story with the biblical saga of King David. As both Sheila's and David's stories make clear, some cravings are misguided, but they all stem from the same hunger—and they will haunt you until that hunger gets satisfied properly. If you keep reaching out to the wrong people at the wrong times in your own life, *The Longing in Me* will help you understand that your cravings are not the problem. It's where they lead you that makes all the difference.
