A surreal and stunningly beautiful graphic novel about death, mourning, and family by one of the most promising young artists working today. "We buried one of dad's lungs," announces the narrator of *The Tenderness of Stones*. The lung is so large it takes three men to carry it—and that is just the beginning. The family looks on as, under the dispassionate orders of anonymous white-clad strangers, their father is disassembled, piece by piece: His nose is removed from his face and tied, temporarily, to his neck; his other lung is pulled out and he is forced to lug it around in a cart; his mouth is pried off and stored away, leaving him mute. Beneath it all is one devastating truth: Soon, he will be gone entirely. Marion Fayolle is one of the most innovative young artists in contemporary comics, and in this startling, gorgeously drawn fable she offers a vision of family illness and grief that is by turns playful and profound, literal and lyrical. She captures the strange swirl of love, resentment, grief, and humor that comes as we watch a loved one transformed before our eyes, and learn to live without them.

With warmth, lucidity and good humour, Pagnol, a boy from the city, recounts the glorious summer days he spent exploring the sun-baked Provençal countryside. He vividly captures the atmosphere of a childhood filled with the simple pleasures: a meal, a joke, an outing shared with his close-knit and loving

family. These heart-warming stories remind us of how children can invest the smallest event or statement with incredible significance, how mysterious the workings of the adult world can seem to them and how painful the learning process can often prove. However, Pagnol's writing is filled with enormous optimism and delight. And his triumph in these classic memoirs is to have created that rare thing, a work suffused with joy. 'Pagnol's place in the history of French culture is secure. The Prousts and Sartres may be admired, but Pagnol is loved' *Times Literary Supplement*

France's fate hangs in the balance! In this second part of Dumas' classic, our heroes must race across Europe to save the day. It all begins with Queen Anne of France, who is having an affair with the English Duke of Buckingham. Hoping to expose the tryst, and thereby enrage King Louix XIII into declaring war, Cardinal Richelieu plans a ball. He suggests the Queen wear a necklace that the King gifted her. But the necklace is with Buckingham. The Musketeers' mission is to bring back the jewellery, doing battle with agents of the Cardinal along the way. It's a breathless adventure, set across 17th Century Paris, Calais, and London. And this volume also introduces D'Artagnan's infatuation with the mysterious Milady. Alexandre Dumas (1802 - 1870) was a hugely popular 19th century French writer. Born of mixed French and Haitian heritage, Dumas first rose to prominence in Paris as a playwright, but later gained international fame with his historical fiction. Often co-authored with other writers, these stories wove together swashbuckling adventure, romance, and real events from France's past. Among the best known are "The Three Musketeers", and its sequels "Twenty Years After", and "Le

Vicomte de Bragelonne: Ten Years Later". Set across four decades, this trilogy follows the rise of the dashing D'Artagnan—from hot-headed soldier to trusted captain under Louis XIV. Dumas' other novels include "The Count of Monte Cristo" and "The Black Tulip". His works have been adapted into more than 200 movies, including *The Man in the Iron Mask* starring Leonardo DiCaprio.

'It has taken me a long time, my dearest Aza, to fathom the cause of that contempt in which women are held in this country ...' Zilia, an Inca Virgin of the Sun, is captured by the Spanish conquistadores and brutally separated from her lover, Aza. She is rescued and taken to France by Déterville, a nobleman, who is soon captivated by her. One of the most popular novels of the eighteenth century, the *Letters of a Peruvian Woman* recounts Zilia's feelings on her separation from both her lover and her culture, and her experience of a new and alien society. Françoise de Graffigny's bold and innovative novel clearly appealed to the contemporary taste for the exotic and the timeless appetite for love stories. But by fusing sentimental fiction and social commentary, she also created a new kind of heroine, defined by her intellect as much as her feelings. The novel's controversial ending calls into question traditional assumptions about the role of women both in fiction and society, and about what constitutes 'civilization'. The Masterpiece is the tragic story of Claude Lantier, an ambitious and talented young artist from the provinces who has come to conquer Paris and is conquered by the flaws in his own genius. While his boyhood friend Pierre Sandoz becomes a successful novelist, Claude's originality is mocked at the Salon and turns gradually into a doomed obsession with one great canvas. Life - in the form of his model and wife Christine and their deformed child Jacques - is sacrificed on the altar of Art. The Masterpiece is the most autobiographical of the twenty novels in

Zola's Rougon-Macquart series. Set in the 1860s and 1870s, it provides a unique insight into his career as a writer and his relationship with Cézanne, a friend since their schooldays in Aix-en-Provence. It also presents a well-documented account of the turbulent Bohemia world in which the Impressionists came to prominence despite the conservatism of the Academy and the ridicule of the general public. Madame Bovary Front Street

This exquisite novel tells the story of one of the most compelling heroines in modern literature--Emma Bovary. "Madame Bovary has a perfection that not only stamps it, but that makes it stand almost alone; it holds itself with such a supreme unapproachable assurance as both excites and defies judgement." - Henry James Unhappily married to a devoted, clumsy provincial doctor, Emma revolts against the ordinariness of her life by pursuing voluptuous dreams of ecstasy and love. But her sensuous and sentimental

desires lead her only to suffering corruption and downfall. A brilliant psychological portrait, Madame Bovary searingly depicts the human mind in search of transcendence. Who is Madame Bovary? Flaubert's answer to this question was superb: "Madame Bovary, c'est moi." Acclaimed as a masterpiece upon its publication in 1857, the work catapulted Flaubert to the ranks of the world's greatest novelists. This volume, with its fine translation by Lowell Bair, a perceptive introduction by Leo Bersani, and a complete supplement of essays and critical comments, is the indispensable Madame Bovary.

French Classics in French and English Lemniscaat

A classic of modern French literature, the thrilling real-life story of the military hero, ambassador, ladies man, writer, and loving son I grew up longing for the day when I could tear down the veil of darkness and absurdity concealing the true face of the universe and discover at last a smile of kindness and wisdom; I grew up in the certitude that one day I should help my fellow men to wrest the world from our enemies and give back the earth to those who ennoble it with their courage and warm it with their love. Promise at Dawn begins as the story of a mother's sacrifice: alone and poor, she fights fiercely to give her son the very best. Romain Gary chronicles his childhood in Russia, Poland, and on the French Riviera; he recounts his adventurous life as a young man fighting for France in World War II. But above all he tells the story of the love for his mother that was his very life—their secret and private planet, their wonderland "born out of a mother's murmur into a child's ear, a promise whispered at dawn of future triumphs and greatness, of justice and love."

Shirley Jackson's third novel, a chilling descent into multiple personalities Elizabeth is a demure twenty-three-year-old willing her life away at a dull museum job, living with her neurotic aunt, and subsisting off her dead mother's inheritance. When Elizabeth begins to suffer terrible migraines and backaches, her aunt takes her to the doctor, then to a psychiatrist. But slowly, and with Jackson's characteristic chill, we learn that Elizabeth is not just one girl—but four separate, self-destructive personalities. The Bird's Nest, Jackson's third novel, develops hallmarks of the horror master's most unsettling work: tormented heroines, riveting familial mysteries, and a disquieting vision inside the human mind.
