GABRIELLE CHOI

Motorcycle, Solo (Harley-Davidson Model WLA) DigiCat
Motorcycle, Solo is a manual by the U.S. Department of War. This edition provides extensive guidelines. It presents the official technical manual for the Harley-Davidson Model WLA.
Standard Military Motor Vehicles United Nations
This book is a re-issue of the War Department's September 1943

edition of TM 9-2800. This technical manual was the primary US Army reference work of the period and listed data and illustrations of all US Army vehicles in operation at that time. This edition includes a new supplement that contains details of additional US Army vehicles that were omitted from the September 1943 edition. As a further aid, the nomenclature of a number of vehicles has been updated.

Driver's Manual

This report presents the results of the project Safe Future Inland Transport Systems (SafeFITS), which aims to develop a robust road safety decision-making tool to support the most appropriate

road safety policies and measures to achieve tangible results. Road accidents constitute a major social problem in modern societies, accounting for more than 1 million accidents per year in EU-28 (2,900 per day), resulting in 1.4 million injuries and 26,000 fatalities. Current trends suggest that, unless action is taken, traffic injuries will become the fifth leading cause of death by 2030, with the disparity between high-income and low-income countries further increased.
