This book gives an in-depth and invigorating analysis of reflexivity in recent British drama - the way drama comments on drama. The interplay of dramatic forms, the cross-fertilization of historical traditions are explored in relation to major contemporary authors and theatrical practices. When drama takes itself as its own object of study it paradoxically highlights the most vital issues of its time. Key questions are raised about the nature of theatricality in play-writing and performance in this the first full-length treatment of the subject.

Jay Harper, one of the last 'angels' on Planet Earth, is hunting down the half-breeds and goons who infected Paradise with evil. Intercepting a plot to turn half of Paris into a dead zone, Harper ends up on the wrong side of the law and finds himself a wanted man. That doesn't stop his commander, Inspector Gobet of the Swiss Police, from sending him back to Paris on a recon mission... a mission that uncovers a truth buried in the Book of Enoch. Katherine Taylor and her two year old son Max are living in a small town in the American Northwest. It's a quiet life. She runs a candle shop and spends her afternoons drinking herbal teas,

imagining a crooked little man in the belfry of Lausanne Cathedral, a man who believed Lausanne was a hideout for lost angels. And there was someone else, someone she can't quite remember...as if he was there, and not there at the same time. A man with a disfigured face emerges from the shadows. His name is Astruc, he's obsessed with the immortal souls of men. Like a voice crying in the wilderness, he warns the time of The Prophecy is at hand...a prophecy that calls for the sacrifice of the child born of light...

A #1 New York Times Bestseller! "Funny, insightful, illuminating . . ." —The Boston Globe Twelve years ago, *Midnight in the Garden of Good and Evil* exploded into a monumental success, residing a record-breaking four years on the New York Times bestseller list (longer than any work of fiction or nonfiction had before) and turning John Berendt into a household name. *The City of Falling Angels* is Berendt's first book since *Midnight*, and it immediately reminds one what all the fuss was about. Turning to the magic, mystery, and decadence of Venice, Berendt gradually reveals the truth behind a sensational fire that in 1996 destroyed the historic Fenice opera house. Encountering a rich cast of characters, Berendt tells a tale full of atmosphere and surprise as the stories build, one after the other, ultimately coming together to portray a world as finely drawn as a still-life painting.

When he begins dreaming about people who turn out to be real, he wonders if his novel is real as well. Eugene Myers may just be the one to stop the apocalypse. This history of the future covers every conspiracy imaginable: UFOs, secret societies, and World War III, as well as theories on life after death and human evolution by a writer whose last novel was called *Dogmatika*, a page-turner and an example of an effective piece of storytelling that should be envied. (Applause Books). "I find John's critical writing immensely entertaining even when I'm not in agreement... He has the gift, such a rare one, of being able to analyze the work in question, to be able to say why it is that it's so powerful, so touching; or, on the other hand, so trite, so meretricious, or so banal... I find his reviews full of insights and perceptions that make reading a collection of this sort as exciting as reading a gripping novel. John's wit is dazzling and is never displayed for its own sake, but to drive home an aspect of the review... It was exciting for me to read through this collection and see such warm praise for so many films that I feel have been unjustly ignored." Bruce Beresford

1963. John F. Kennedy is president. Civil rights is catching fire, as another community -- of bachelor men -- is emerging as one to be despised or acknowledged. A twelve-year-old Benjamin Rotheberg who lives in a marshy suburb of Savannah, Georgia, with "the most ravishing name in the world," the Isle of Hope, with his mother Caroline, a classically beautiful Southern WASP and his magnetic father Robby, a smarmy dark Sephardic-Jewish salesman, is trying to figure out who he is ... Benjamin must change identities

from being a smart, precocious self-aware kid to masquerading and passing as a regular guy from growing into a sexually curious (and possibly gay) young man to experience a fragile adolescent innocence and attraction to a pretty girl. *King of Angels* is about many communities coming together in an explosive time -- Southern Jews, African-Americans, Southern Catholics, an

emerging gay one, and the secret underground world of boys, their crushes and conflicts, their attachments and hates. It is also about the seductive attractions of self knowledge and the men and women who open our hearts to it, amidst the struggles of the soul itself to bloom in life and even after death. This is Perry Brass's most stirring and emotionally charged novel, set in the

hunting coastal South. -- Publisher's description.
