Acoustic Properties: Radio, Narrative, and the New Neighborhood of the Americas discovers the prehistory of wireless culture. It examines both the coevolution of radio and the novel in Argentina, Cuba, and the United States from the early 1930s to the late 1960s, and the various populist political climates in which the emerging medium of radio became the chosen means to produce the voice of the people. Based on original archival research in Buenos Aires, Havana, Paris, and the United States, the book develops a literary media theory that understands sound as a transmedial phenomenon and radio as a transnational medium. Analyzing the construction of new social and political relations in the wake of the United States' 1930s Good Neighbor Policy, Acoustic Properties challenges standard narratives of hemispheric influence through new readings of Richard Wright's cinematic work in Argentina, Severo Sarduy's radio plays in France, and novels by John Dos Passos, Manuel Puig, Raymond Chandler, and Carson McCullers. Alongside these writers, the book also explores Che Guevara and Fidel Castro's Radio Rebelde, FDR's fireside chats, Félix Caignet's invention of the radionovela in Cuba, Evita Perón's populist melodramas in Argentina, Orson Welles's experimental New Deal radio, Cuban and U.S. "radio wars," and the 1960s African American activist Robert F. Williams's proto-black power Radio Free Dixie. From the doldrums of the Great Depression to the tumult of the Cuban Revolution, Acoustic Properties illuminates how novelists in the radio age converted writing into a practice of listening, transforming realism as they struggled to channel and shape popular power.

New York Puerto Ricans have been an integral part of hip hop culture since day one: from 1970s pioneers like Rock Steady Crew's Jo-Jo, to recent rap mega-stars Big Punisher (R.I.P.) and Angie Martinez. Yet, Puerto Rican participation and contributions to hip hop have often been downplayed and even completely ignored. And when their presence has been acknowledged, it has frequently been misinterpreted as a defection from Puerto Rican culture and identity, into the African American camp. But nothing could be further from the truth. Through hip hop, Puerto Ricans have simply stretched the boundaries of Puerto Ricanness and latinidad.

"Marvelous . . . [Vonnegut] wheels out all the complaints about America and makes them seem fresh, funny, outrageous, hateful and lovable."—The New York Times In Breakfast of Champions, one of Kurt Vonnegut's most beloved characters, the aging writer Kilgore Trout, finds to his horror that a Midwest car dealer is taking his fiction as truth. What follows is murderously funny satire, as Vonnegut looks at war, sex, racism, success, politics, and pollution in America and reminds us how to see the truth. "Free-wheeling, wild and great . . . uniquely Vonnegut."—Publishers Weekly [Billboard](#) Grove Press

Locos por el Swing Dance, de Scott Cupit, fundador de Swing Patrol en Australia, explora la dinámica escena swing contemporánea y nos lleva por los estilos de baile más populares -- charleston, Collegiate Shag, Balboa y Lindy Hop-- y la cultura y la moda relacionadas. Este libro, que combina fotografías de época y actuales, ofrece guías de baile enriquecidas con enlaces a vídeos de demostración y proporciona todo lo que debes saber, tanto si quieres disfrutar del charleston como si quieres dominar el Swing Out.

*New York Ricans from the Hip Hop Zone* Zaffre

A continuation of 1994's groundbreaking Cartoons, Giannalberto Bendazzi's Animation: A World History is the largest, deepest, most comprehensive text of its kind, based on the idea that animation is an art form that deserves its own place in scholarship. Bendazzi delves beyond just Disney, offering readers glimpses into the animation of Russia, Africa, Latin America, and other often-neglected areas and introducing over fifty previously undiscovered artists. Full of first-hand,

never before investigated, and elsewhere unavailable information, Animation: A World History encompasses the history of animation production on every continent over the span of three centuries. Volume III catches you up to speed on the state of animation from 1991 to present. Although characterized by such trends as economic globalization, the expansion of television series, emerging markets in countries like China and India, and the consolidation of elitist auteur animation, the story of contemporary animation is still open to interpretation. With an abundance of first-hand research and topics ranging from Nickelodeon and Pixar to modern Estonian animation, this book is the most complete record of modern animation on the market and is essential reading for all serious students of animation history. Key Features: Over 200 high quality head shots and film stills to add visual reference to your research Detailed information on hundreds of never-before researched animators and films Coverage of animation from more than 90 countries and every major region of the world Chronological and geographical organization for quick access to the information you're looking for

*A Knight of the Seven Kingdoms* Macmillan

In Musicians in Transit Matthew B. Karush examines the transnational careers of seven of the most influential Argentine musicians of the twentieth century: Afro-Argentine swing guitarist Oscar Alemán, jazz saxophonist Gato Barbieri, composer Lalo Schifrin, tango innovator Astor Piazzolla, balada singer Sandro, folksinger Mercedes Sosa, and rock musician Gustavo Santaolalla. As active participants in the globalized music business, these artists interacted with musicians and audiences in the United States, Europe, and Latin America and contended with genre distinctions, marketing conventions, and ethnic stereotypes. By responding creatively to these constraints, they made innovative music that provided Argentines with new ways of understanding their nation's place in the world. Eventually, these musicians produced expressions of Latin identity that reverberated beyond Argentina, including a novel form of pop ballad; an anti-imperialist, revolutionary folk genre; and a style of rock built on a pastiche of Latin American and global genres. A website with links to recordings by each musician accompanies the book.

Designing Presence offers a unique insight into the training that has helped people around the world to cultivate more presence in both professional and personal settings. It explains the research behind the method of Towards Vivencia, shares stories of how it has been implemented and offers practical exercises to apply it in any context. Presence is something that is often talked about but is difficult to pin down. We have all experienced moments when we felt one with what we are doing and with our environment. However, this feeling is usually fleeting and we don't know when or how we will experience it again. Towards Vivencia is the first methodology of its kind to train performers to locate and replicate that specific state of consciousness associated with presence and peak performance. Based on over 20 years of experience, combined with research in anthropology, philosophy and the latest advances in neuroscience, Towards Vivencia enables performers to become fully engaged with their experience in order to operate at their highest possible level. This book aims to equip readers with the ability to actively design their experiences and create lasting changes not only in how they approach performance but also how they approach their everyday lives.

"Meghan and Michael embark on a balls-out, cross-country tour starting in California, the heart of liberal America, and ending in the state of Connecticut, the home of blue-blood Wall Street billionaires. Along the way, they visit such cultural touchstones as Graceland and Branson, party in Las Vegas and New Orleans, pretend to be Mormon in Salt Lake City (only for a second), and go to

a mosque in Dearborn, Michigan. They tour the nations capital; they fire semiautomatic weapons. But mostly Meghan McCain and Michael Ian Black talk to each other: about their differences, their similarities, and how American politics has gotten so divided."--Front jacket flap.

*One Enchanted Evening* Profile Books

"In the Fall of 2010 I gave an assignment in my Appalachian Literature class at Berea College, telling my students to write their own version of "Where I'm From" poem based on the writing prompt and poem by George Ella Lyon, one of the preeminent Appalachian poets. I was so impressed by the results of the assignment that I felt the poems needed to be preserved in a bound document. Thus, this little book. These students completely captured the complexities of this region and their poems contain all the joys and sorrows of living in Appalachia. I am proud that they were my students and I am very proud that together we produced this record of contemporary Appalachian Life" -- Silas House

GOOD MORNING AMERICA BUZZ PICK • From the New York Times bestselling author of Mexican Gothic comes a simmering historical noir about a daydreaming secretary, a lonesome enforcer, and the mystery of the missing woman they're both desperate to find. ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, NPR, The Washington Post, The Boston Globe, New York Public Library, Milwaukee Journal Sentinel, BookPage, She Reads, Library Journal • “An adrenalized, darkly romantic journey.”—The Washington Post Mexico in the 1970s is a dangerous country, even for Maite, a secretary who spends her life seeking the romance found in cheap comic books and ignoring the activists protesting around the city. When her next-door neighbor, the beautiful art student Leonora, disappears under suspicious circumstances, Maite finds herself searching for the missing woman—and journeying deeper into Leonora's secret life of student radicals and dissidents. Mexico in the 1970s is a politically fraught land, even for Elvis, a goon with a passion for rock 'n' roll who knows more about kidney-smashing than intrigue. When Elvis is assigned to find Leonora, he begins a blood-soaked search for the woman—and his soul. Swirling in parallel trajectories, Maite and Elvis attempt to discover the truth behind Leonora's disappearance, encountering hitmen, government agents, and Russian spies. Because Mexico in the 1970s is a noir, where life is cheap and the price of truth is high.

*Designing Presence* CRC Press

A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of Born to Run lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

**Diccionario de la música española e hispanoamericana** Da Capo Press

"This book traces the history of rock 'n' roll in Mexico and the rise of the native countercultural movement La Onda (the wave). This story frames the most significant crisis of Mexico's postrevolution period: the student-led protests in 1968 and the government-orchestrated massacre that put an end to the movement".--BOOKJACKET.

*That's the Joint!* Dial Press

Jazz is the most colorful and varied art form in the world and it was born in one of the most colorful and varied cities, New Orleans. From the seed first planted by slave dances held in Congo Square and nurtured by early ensembles led by Buddy Belden and Joe "King" Oliver, jazz began its long

winding odyssey across America and around the world, giving flower to a thousand different forms--swing, bebop, cool jazz, jazz-rock fusion--and a thousand great musicians. Now, in *The History of Jazz*, Ted Gioia tells the story of this music as it has never been told before, in a book that brilliantly portrays the legendary jazz players, the breakthrough styles, and the world in which it evolved. Here are the giants of jazz and the great moments of jazz history--Jelly Roll Morton ("the world's greatest hot tune writer"), Louis Armstrong (whose O-keh recordings of the mid-1920s still stand as the most significant body of work that jazz has produced), Duke Ellington at the Cotton Club, cool jazz greats such as Gerry Mulligan, Stan Getz, and Lester Young, Charlie Parker's surgical precision of attack, Miles Davis's 1955 performance at the Newport Jazz Festival, Ornette Coleman's experiments with atonality, Pat Metheny's visionary extension of jazz-rock fusion, the contemporary sounds of Wynton Marsalis, and the post-modernists of the Knitting Factory. Gioia provides the reader with lively portraits of these and many other great musicians, intertwined with vibrant commentary on the music they created. Gioia also evokes the many worlds of jazz, taking the reader to the swamp lands of the Mississippi Delta, the bawdy houses of New Orleans, the rent parties of Harlem, the speakeasies of Chicago during the Jazz Age, the after hours spots of corrupt Kansas city, the Cotton Club, the Savoy, and the other locales where the history of jazz was made. And as he traces the spread of this protean form, Gioia provides much insight into the social context in which the music was born. He shows for instance how the development of technology helped promote the growth of jazz--how ragtime blossomed hand-in-hand with the spread of parlor and player pianos, and how jazz rode the growing popularity of the record industry in the 1920s. We also discover how bebop grew out of the racial unrest of the 1940s and '50s, when black players, no longer content with being "entertainers," wanted to be recognized as practitioners of a serious musical form. Jazz is a chameleon art, delighting us with the ease and rapidity with which it changes colors. Now, in Ted Gioia's *The History of Jazz*, we have at last a book that captures all these colors on one glorious palate. Knowledgeable, vibrant, and comprehensive, it is among the small group of books that can truly be called classics of jazz literature.

*Velvet Was the Night* Bantam

Solamente por el tema que trata, este sería un libro original y necesario, pero se vuelve todavía más interesante por la manera en que lo hace, relacionando el nacimiento, apogeo y decadencia en el país de conjuntos bailables autodenominados "de Jazz" con el tango, la música favorita en los mismos años, aportando abundante información, análisis críticos, recuerdos personales y descripción de los contextos sociales a los que aquellas agrupaciones les pusieron una banda sonora ingenua y frívola, como para disipar un poco las tinieblas tangueras. Cualquier lector sensato (...) se estará preguntando por qué, si las grandes bandas de jazz no eran tal cosa y su legado musical apenas importa, es necesario sumergirse en un volumen como el que Edgardo Carrizo ha elaborado trabajosamente a lo largo de cinco años. Una de las respuestas podría ser porque se trató de un prolongado y multitudinario placer culposo, como las publicaciones humorísticas semanales, las comedias de Germán Ziclis, los radioteatros de Juan Carlos Chiappe o las películas de Alfredo Barbieri y Amelita Vargas. Pero existen muchas otras razones y todas ellas se exponen exhaustivamente en las páginas de este libro. Jorge Andrés

NEW YORK TIMES BESTSELLER • Taking place nearly a century before the events of *A Game of Thrones*, *A Knight of the Seven Kingdoms* compiles the first three official prequel novellas to George R. R. Martin's ongoing masterwork, *A Song of Ice and Fire*. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY LOS ANGELES TIMES AND BUZZFEED These never-before-collected adventures recount an age when the Targaryen line still holds the Iron Throne, and the memory of the last dragon has not yet passed from living consciousness. Before Tyrion Lannister and Podrick

Payne, there was Dunk and Egg. A young, naïve but ultimately courageous hedge knight, Ser Duncan the Tall towers above his rivals—in stature if not experience. Tagging along is his diminutive squire, a boy called Egg—whose true name is hidden from all he and Dunk encounter. Though more improbable heroes may not be found in all of Westeros, great destinies lay ahead for these two . . . as do powerful foes, royal intrigue, and outrageous exploits. Featuring more than 160 all-new illustrations by Gary Gianni, *A Knight of the Seven Kingdoms* is a must-have collection that proves chivalry isn't dead—yet. Praise for *A Knight of the Seven Kingdoms* “Readers who already love Martin and his ability to bring visceral human drama out of any story will be thrilled to find this trilogy brought together and injected with extra life.”—Booklist “The real reason to check out this collection is that it's simply great storytelling. Martin crafts a living, breathing world in a way few authors can. . . . [Gianni's illustrations] really bring the events of the novellas to life in beautiful fashion.”—Tech Times “Stirring . . . As Tolkien has his *Silmarillion*, so [George R. R.] Martin has this trilogy of foundational tales. They succeed on their own, but in addition, they succeed in making fans want more.”—Kirkus Reviews (starred review) “Pure fantasy adventure, with two of the most likable protagonists George R. R. Martin has ever penned.”—Bustle “A must-read for Martin's legion of fans . . . a rousing prelude to [his] bestselling *Song of Ice and Fire* saga . . . rich in human drama and the colorful worldbuilding that distinguishes other books in the series.”—Publishers Weekly
