**Art of the Duel** Bloomsbury Publishing USA

The poignant and surprising new thriller by one of America's most acclaimed writers. Few American writers create more memorable landscapes-both natural and interior-than James Sallis. His highly praised Lew Griffin novels evoked classic New Orleans and the convoluted inner space of his black private detective. More recently-in Cypress Grove and Cripple Creek-he has conjured a small town somewhere near Memphis, where John Turner-ex-policeman, ex-con, war veteran and former therapist-has come to escape his past. But the past proved inescapable; thrust into the role of Deputy Sheriff, Turner finds himself at the center of his new community, one that, like so many others, is drying up, disappearing before his eyes. As Salt River begins, two years have passed since Turner's amour, Val Bjorn, was shot as they

sat together on the porch of his cabin. Sometimes you just have to see how much music you can make with what you have left, Val had told him, a mantra for picking up the pieces around her death, not sure how much he or the town has left. Then the sheriff's long-lost son comes plowing down Main Street into City Hall in what appears to be a stolen car. And waiting at Turner's cabin is his good friend, Eldon Brown, Val's banjo on the back of his motorcycle so that it looks as though he has two heads. "They think I killed someone," he says. Turner asks: "Did you?" And Eldon responds: "I don't know." Haunted by his own ghosts, Turner nonetheless goes in search of a truth he's not sure he can live with.

"Set... focus... Strike!" A samurai of Rokugan who does not thrill to these words is no samurai at all, and would do well to abandon his swords by the side of the road. Dueling captures many important facets of a samurai's life: skill with a blade, moral and physical courage, personal honor and loyalty to family and clan. It

is an experience which compresses his existence to its essence... his entire being summed up in a single instant of perfect action.
