The Buddha and His Dhamma was B.R. Ambedkar's last work. Published posthumously, it presented a radical reorientation of Buddhist thought and literature, aptly called navayana. It deals with Ambedkar's conceptualization of Buddhism and the possibilities it offered for liberation and upliftment of the Dalits. It presents

his reflections on the life of the Buddha, his teachings, and the spread of Buddhism by interweaving anecdotes with detailed analyses of the religion's basic tenets. The author also includes important elements of the Buddhist canon and tradition to make the teachings more accessible. In the first critical and annotated edition of this work, the editors address the on-going debate on Ambedkar's interpretation of the Buddha's dhamma by focusing on the accuracy of his citations and providing missing sources. They also discuss Ambedkar's modification of source materials. The introduction contextualizes the scholarly work related to the text.

Shri Mataji writes that "India is a very ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it." This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children. "The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book, but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form."
