Ironic, isn't it? For more than a quarter century, Pat Oliphant has skewered the denizens of Congress with his biting sharp editorial cartoons. Now, in an exhibit and this companion volume, Oliphant is honored in the very repository of that illustrious body: The Library of Congress. Oliphant is, after all, the most important political cartoonist of the 20th century. His trademark wit -- shared with the adoring fans who read almost 350 daily and Sunday newspapers that

carry his work -- has impaled presidents, dogged members of Congress, and critiqued a whole host of issues. From Vietnam to Bosnia, from Lyndon Johnson to Bill Clinton, Pat Oliphant has applied his considerable talent to the workings of the world. Oliphant's Anthem will catalog the 60 drawings, sculptures, and various art media that will be exhibited as a special tribute to Pat Oliphant's art in March 1998 at the Library of Congress. Interviews with the artist throughout the

book will highlight his thoughts, concerns, and considerations as he has created this impressive body of work. Printed on glossy enamel stock, the black and white book will include an eight-page color signature. It is certain to be a collectible edition for Oliphant fans everywhere.

Audits provide essential accountability and

transparency over government programs. Given the current challenges facing governments and their programs, the oversight provided through auditing is more critical than ever. Government auditing provides the objective analysis and information needed to make the decisions necessary to help create a better future. The professional standards presented in this 2018 revision of Government Auditing Standards (known as the Yellow Book) provide a

framework for performing high-quality audit work with competence, integrity, objectivity, and independence to provide accountability and to help improve government operations and services. These standards, commonly referred to as generally accepted government auditing standards (GAGAS), provide the foundation for government auditors to lead by example in the areas of independence, transparency, accountability, and quality through the audit process.

This revision contains major changes from, and supersedes, the 2011 revision.
