A Mosaic of Ninety
Miniatures in French and
English, translated from
the French by Anne Pease
McConnell. Haitian
Laughter is constructed
around the lodyans, a
narrative genre that has
blossomed in Haiti as an
art of miniatures. The
substantial reduction in
scale that presides over
their creation allows only
the significant features to
remain, like a medieval
illumination, a Japanese
bonsai, or simply a small
sized map of an immense
territory. This makes each
miniature a "dwarf sized
saga," which lets us
glimpse the larger
dimension of the original
of which it is a reduced
model. Bilingual, French
and English.
