A dazzling, stylish biography of a fabled Parisian photographer, adventurer, and pioneer. A recent French biography begins, Who doesn't know Nadar? In France, that's a rhetorical question. Of all of the legendary figures who thrived in mid-19th-century Paris—a cohort that includes Victor Hugo, Baudelaire, Gustave Courbet, and Alexandre Dumas—Nadar was perhaps the most innovative, the most restless, the most modern. The first great portrait photographer, a pioneering balloonist, the first person to take an aerial photograph, and the prime mover behind the first airmail service, Nadar was one of the original celebrity artist-entrepreneurs. A kind of 19th-century Andy Warhol, he knew everyone worth knowing and photographed them all, conferring on posterity psychologically compelling portraits of Manet, Sarah Bernhardt, Delacroix, Daumier and countless others—a priceless panorama of Parisian celebrity. Born Gaspard-Félix Tournachon, he adopted the pseudonym Nadar as a young bohemian, when he was a budding writer and cartoonist. Later he affixed the name Nadar to the façade of his opulent photographic studio in giant script, the illuminated letters ten feet tall, the whole sign fifty feet long, a garish red beacon on the boulevard. Nadar became known to all of Europe and even across the Atlantic when he launched "The Giant," a gas balloon the size of a twelve-story building, the largest of its time. With his daring exploits aboard his humongous balloon (including a catastrophic crash that made headlines around the world), he

gave his friend Jules Verne the model for one of his most dynamic heroes. The Great Nadar is a brilliant, lavishly illustrated biography of a larger-than-life figure, a visionary whose outsized talent and canny self-promotion put him way ahead of his time.

The Book of Gladness (ca. 1380) contains one of the most powerful, original, and influential pro-feminine voices of the late Middle Ages. In a spirited riposte to the misogynist tradition, Le Fèvre (with the help of Gladness, his lady-persona) boldly reinterprets the Bible while questioning ancient authorities in the light of "true" experience, especially his own. Despite its foundational importance, this work has never been translated into English. The present prose translation is lively and accessible, yet thoroughly grounded in scholarship. An Introduction explains the textual challenges hindering the full recognition of this classic up to now and elucidates its contribution to the medieval debate on the nature and status of women and marriage. Also included is the first-ever English translation and discussion of a newly discovered scribal interpolation on Christine de Pizan in a manuscript of Jehan Le Fèvre's Lamentations. The bibliography provides the first complete list of manuscripts containing the French Lamentations and Le Livre de Leesce.

The Book of Gold

Le Livre d'Or (The Book of Gold) is a unique 17th century French magical work comprising numerous amulets, charms, prayers, spells and sigils for working with the Biblical Book of the Psalms of King David. Written in a simple style akin to a medieval Book of Secrets combined with magical practices from the ancient world, Le Livre d'Or brings together practices which have their roots in major works from the Dead Sea Scrolls and the Cairo Genizah, to the Greek Magical Papyri and Sepher Shimmush Tehillim (Magical Use of the Psalms). Now translated into English for the first time, this exceptional text demonstrates the significance of the Psalms as a unifying and vital thread throughout the

development of Western magic. From Sweden to Syria, Britain to the Baltic, the use of appropriate Psalms has spread as a significant part of popular folk and religious magic, and *Le Livre d'Or* is an inimitable example of the transmission of divine power through the written and spoken word. *Le Livre d'Or* was originally bound as part of Lansdowne MS 1202 with a 17th century French copy of the most important of grimoires, the Key of Solomon. The extensive commentary by David Rankine and Paul Harry Barron emphasises the place of the Psalms within the Grimoire tradition, detailing their extensive apotropaic, amuletic and coercive uses in works such as the Book of Abramelin, the Key of Solomon and the Goetia. The editors also illustrate how the magic of the Psalms has underlain and cross-fertilised numerous traditions over the last two thousand years, from Hellenic magicians, early Christians and Jews of the ancient world to practitioners of the medieval Grimoires and Renaissance Cunning-folk. Whether it was for benevolent or malefic results, *Le Livre d'Or* provided the appropriate Psalm verses and relevant techniques. This previously ignored work is an outstanding example of eminently practical magic which not only draws on such major works as the Heptameron and the Steganographia, but also many of the divine names found in the Kabbalah. From Saints to spirits, characters to Creeds, *Le Livre d'Or* shines forth as a significant and reclaimed

chapter in the Western Esoteric Traditions. There is also a paperback edition available of this book.
