Concrete Crafts MIT Press

Known in Chinese as Hua-yen and in Japanese as Kegon-kyo, the Avatamsaka Sutra, or Flower Ornament Scripture, is held in the highest regard and studied by Buddhists of all traditions. Through its structure and symbolism, as well as through its concisely stated principles, it conveys a vast range of Buddhist teachings. This one-volume edition contains Thomas Cleary's definitive translation of all thirty-nine books of the sutra, along with an introduction, a glossary, and Cleary's translation of Li Tongxuan's seventh-century guide to the final book, the Gandavyuha, "Entry into the Realm of Reality."

Creative Concrete Ornaments for the Garden Stackpole Books Nobody was there. Nobody had time. We know how it is when the bombs are falling, and something is burning, and somebody dies. Excerpt from Under a Leafless Tree I felt like I was eavesdropping on an exciting and intimate conversation and I didnt want to stop listening! Werner Bell You will feel like you are living Helgas adventures. You will enter her thoughts and gain insights into your own challenges. AJM A wonderfully crafted and engaging narrative! Helga Meyer captivated us with her story. A remarkable life, punctuated with marvelous photographs. Jill Mulvay Derr Former President of the Mormon History Association Professor of History This book is an incredible find. Whats most extraordinary

is that she does not dwell on the negative or morose elements of her story. An easy and engrossing read. James Marsh Her story leaves you thinking that maybe goodness and resilience arent quite as rare as we thought, and perhaps were all a little stronger than we know. Anne Woolstenhulme

Creativity in the Bronze Age iUniverse

Concrete Creations Timber Press

Revolutionary essays on design, aesthetics and materialism - from one of the great masters of modern architecture Adolf Loos, the great Viennese pioneer of modern architecture, was a hater of the fake, the fussy and the lavishly decorated, and a lover of stripped down, clean simplicity. He was also a writer of effervescent, caustic wit, as shown in this selection of essays on all aspects of design and aesthetics, from cities to glassware, furniture to footwear, architectural training to why 'the lack of ornament is a sign of intellectual power'. Translated by Shaun Whiteside With an epilogue by Joseph Masheck

Color Concrete Garden Projects Taunton Press

Strong, versatile, and amazingly easy to work with, concrete is the ideal medium for outdoor art and long-lasting, practical projects for the garden. And, best of all, it doesn't cost a lot of money or require special equipment; everything you need is right at the local home improvement center, ready and waiting. A

celebrated teacher has gathered the tried-and-true techniques used by sculptors and folk artists, and then tailored them perfectly for low-tech surroundings and personal expression. Work with molds; form over armatures; model or carve with concrete; take advantage of technical advances to develop lighter, stronger structures; and treat concrete surfaces with mosaics, embedded objects, incising, and coloring. For dazzling outdoor embellishment, craft Garden Critter Stepping Stones, a Trough Planter, Birdbath, Little Lady Fountain, and a jazzy border. Every one of the 25 projects will open up new creative horizons!

The Official Unicorn SPiT User's Handbook Page Street Publishing

Casting in concrete is an exciting project that is both enjoyable and practical. You can create all sorts of decorations and furniture for your home that are sure to be the envy of all your neighbors. But the fun doesn't have to stop there! Concrete lends itself to many unique and exquisite projects, and decorating these pieces with beautiful mosaic patterns makes them all the more impressive. Here, interior decorating journalists and stylists Sania and Susanna show you how to do that. Decorating with mosaic and pouring concrete are both addictive; once you start, you won't want to stop. With step-by-step photos and instructions, Sania and Susanna show you how to create more than twenty different decorations and ornate trinkets. Whether you're someone looking to create a new decoration for your home or a fledgling concrete caster, this book has a little something for everyone. The sky is the limit! Let your imagination run wild, and be inspired!

Perfect Porches Routledge

The Flower Ornament Scripture Harvard University Press

"An intense snapshot of the chain reaction caused by pulling a trigger." —Booklist (starred review) "Astonishing." —Kirkus Reviews (starred review) "A tour de force." —Publishers Weekly (starred review) A Newbery Honor Book A Coretta Scott King Honor Book A Printz Honor Book A Time Best YA Book of All Time (2021) A Los Angeles Times Book Prize Winner for Young Adult Literature Longlisted for the National Book Award for Young People's Literature Winner of the Walter Dean Myers Award An Edgar Award Winner for Best Young Adult Fiction Parents' Choice Gold Award Winner An Entertainment Weekly Best YA Book of 2017 A Vulture Best YA Book of 2017 A Buzzfeed Best YA Book of 2017 An ode to Put the Damn Guns Down, this is New York Times bestselling author Jason Reynolds's electrifying novel that takes place in sixty potent seconds—the time it takes a kid to decide whether or not he's going to murder the guy who killed his brother. A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on

comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh. Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, *Long Way Down* is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

Concrete Handbook for Artists Potter Style

(Createspace edition - Black and white version. The version with colour pictures at the back is also available on Amazon. It is of course dearer! But exactly same content.) If you have ever wanted to sculpt or build in a permanent material that is extremely strong and can be moulded to any shape, ferrocement is the medium for you - and this concise book shows you how to do it all. Tools, techniques and sample projects - a garden pot, angel, dome, and more - are all logically described and illustrated. The many photos showing the building of Cafe Eutopia by the author and his family will inspire as well as inform, while the introduction and 'Origins' story and updates on the progress of a ferrocement cafe and 'temple' to Love, Beauty, Truth, and Freedom add a deeper dimension to this book which shows the struggle to marry an abstract ideal with a (literally) concrete realisation.

The Mass Ornament Timber Press (OR)

For gardeners and backyard do-it-yourselfers, concrete is a revelation. It's durable, weatherproof, impossible to steal, and it provides much-needed insulation for outdoor plants. Concrete

weathers beautifully, softening around the edges, developing moss, and becoming more picturesque with age. *Concrete Garden Projects* takes advantage of concrete's numerous assets, showcasing an inspiring array of creative options. The step-by-step instructions for dozens of easy, do-it-yourself décor ideas include containers of all shapes and sizes, elegant benches and stools, miniature ponds and birdbaths, stepping stones, a barbecue, and a fire pit. The authors use a variety of molds easily found or made, household items like bowls and baking pans, and simple wooden frames and boxes. At pennies per pound, and so simple to use—just mix with water and pour—concrete is the key to hand-crafted backyard décor.

Ornament is Crime Texas A&M University Press

"Finishing the Look" sets out the shopping data with all the best options for materials, plants, and lighting.

The Origins of Concrete Construction in Roman Architecture

Phaidon Press

Concrete is a fascinating material in the hands of a creative person. The Direct Concrete Technique, illustrated in this book, empowers anyone to make furniture or sculpture by hand without molds or forms. The key to this method is the use of a steel armature covered with wires. With 296 vivid color photos and precise text, you can learn the steps necessary to use concrete as a fine art material to create innovative and imaginative furniture, from initial concept and the creation of the armature to the application of concrete and finishing the artwork. Bold and elegant designs of lightweight curvilinear elements can be fashioned with this method. The advantages of concrete and the direct technique are numerous, and the results are immediate and durable. Skills to make free-formed objects of concrete are easily mastered and creative opportunities abound throughout

the process. A furniture gallery is provided for further inspiration. *Making Concrete Garden Ornaments* Cambridge University Press “A complete guide to designing, making and planting hypertufa troughs.”—North American Rock Garden Society Hypertufa containers—also known as troughs—are rustic, striking, versatile, and perfect for small, Alpine plants. A mix of cement, perlite, peat, and water, they are simple and affordable to make at home. In *Hypertufa Containers*, Lori Chips details everything you need to know to make your own troughs and successfully garden in them. This hardworking book includes step-by-step instructions and color photography for making hypertufa containers in a variety of shapes and sizes. Plant portraits include growing and cultivation information, along with potting tips.

Ornament and Order Goss Design Studio

From the renowned author of *Possession*, *The Children's Book* is the absorbing story of the close of what has been called the Edwardian summer: the deceptively languid, blissful period that ended with the cataclysmic destruction of World War I. In this compelling novel, A.S. Byatt summons up a whole era, revealing that beneath its golden surface lay tensions that would explode into war, revolution and unbelievable change — for the generation that came of age before 1914 and, most of all, for their children. The novel centres around Olive Wellwood, a fairy tale writer, and her circle, which includes the brilliant, erratic craftsman Benedict Fludd and his apprentice Phillip Warren, a runaway from the poverty of the Potteries; Prosper Cain, the soldier who directs what will become the Victoria and Albert Museum; Olive's brother-in-law Basil Wellwood, an officer of the Bank of England; and many others from every layer of society. A.S. Byatt traces their lives in intimate detail and moves between generations, following the children who must choose whether to follow the roles expected of them or stand up to their parents' “porcelain socialism.” Olive's daughter Dorothy wishes to become a doctor, while her other daughter, Hedda, wants to fight for votes for women. Her son Tom, sent to an upper-class school,

wants nothing more than to spend time in the woods, tracking birds and foxes. Her nephew Charles becomes embroiled with German-influenced revolutionaries. Their portraits connect the political issues at the heart of nascent feminism and socialism with grave personal dilemmas, interlacing until *The Children's Book* becomes a perfect depiction of an entire world. Olive is a fairy tale writer in the era of Peter Pan and Kenneth Grahame's *The Wind In the Willows*, not long after Alice's Adventures in Wonderland. At a time when children in England suffered deprivation by the millions, the concept of childhood was being refined and elaborated in ways that still influence us today. For each of her children, Olive writes a special, private book, bound in a different colour and placed on a shelf; when these same children are ferried off into the unremitting destruction of the Great War, the reader is left to wonder who the real children in this novel are. *The Children's Book* is an astonishing novel. It is an historical feat that brings to life an era that helped shape our own as well as a gripping, personal novel about parents and children, life's most painful struggles and its richest pleasures. No other writer could have imagined it or created it.

Easy Homemade Pottery Schiffer Books

A celebrated teacher has gathered the tried-and-true techniques used by sculptors and folk artists, and tailored them for low-tech surroundings. Work with molds; form over armatures; model or carve with concrete; and treat concrete surfaces with mosaics, embedded objects, incising, and coloring. For dazzling outdoor embellishments, craft a birdbath, a Little Lady Fountain, and more. Twenty-five projects in all.

Hypertufa Containers Shambhala Publications

Over the last forty years, graffiti and street-art have become a global phenomenon within the visual arts. Whilst they have increasingly been taken seriously by the art establishment (or perhaps the art market), their academic and popular examination still remains within old debates which argue over whether these acts are vandalism or art, and which examine the role of graffiti in gang culture and in terms of visual pollution. Based on an in-

depth ethnographic study working with some of the world's most influential Independent Public Artists, this book takes a completely new approach. Placing these illicit aesthetic practices within a broader historical, political, and aesthetic context, it argues that they are in fact both intrinsically ornamental (working within a classic architectonic framework), as well as innately ordered (within a highly ritualized, performative structure). Rather than disharmonic, destructive forms, rather than ones solely working within the dynamics of the market, these insurgent images are seen to reface rather than deface the city, operating within a modality of contemporary civic ritual. The book is divided into two main sections, Ornament and Order. Ornament focuses upon the physical artifacts themselves, the various meanings these public artists ascribe to their images as well as the tensions and communicative schemata emerging out of their material form. Using two very different understandings of political action, it places these illicit icons within the wider theoretical debate over the public sphere that they materially re-present. Order is focused more closely on the ephemeral trace of these spatial acts, the explicitly performative, practice-based elements of their aesthetic production. Exploring thematics such as carnival and play, risk and creativity, it tracks how the very residue of this cultural production structures and shapes the socio-ethico guidelines of these artists' lifeworlds.

The Children's Book Voracious

An unprecedented homage to modernist architecture from the 1920s up to the present day *Ornament Is Crime* is a celebration and a thought-provoking reappraisal of modernist architecture. The book proposes that modernism need no longer be confined by traditional definitions, and can be seen in both the iconic works of the modernist canon by Le Corbusier, Mies van der Rohe, and Walter Gropius, as well as in the work of some of the best contemporary architects of the twenty-first century. This book is a visual manifesto and a celebration of the most important architectural movement in modern history.
