In times of chaos and uncertainty, when trust is low and economic disparity is high, when political institutions are crumbling and cultural animosities are building, conspiracy theories find fertile ground. Many are wild, most are untrue, a few are hard to ignore, but all of them share one vital trait: there's a seed of truth at their center. That seed carries the sordid, conspiracy-riddled history of our institutions and corporations woven into its DNA. Ben Bowlin, Matt Frederick, and Noel Brown host the popular iHeart Media podcast, *Stuff They Don't Want You To Know*. They are experts at exploring, explaining, and interrogating today's emergent conspiracies—from chem trails and biological testing to the secrets of lobbying and the indisputable evidence of UFOs. Written in a smart, witty, and conversational style, elevated with amazing illustrations, *Stuff They Don't Want You to Know* is a vital book in understanding the nature of conspiracy and using truth as a powerful weapon against ignorance, misinformation, and lies.

"The Gift of the Magi" is a short story by O. Henry first published in 1905. The story tells of a young husband and wife and how they deal with the challenge of buying secret Christmas gifts for each other with very little money. The main idea of "The Gift of the Magi" is that the value of a gift is in the giver, rather than the gift itself. INTERNATIONAL BESTSELLER "For anyone who wants to understand capitalism not as economists or politicians have pictured it but as it actually operates, this book will be invaluable."-Observer (UK) If you've wondered how we did not see the economic collapse coming, Ha-Joon Chang knows the answer: We didn't ask what they didn't tell us about capitalism. This is a lighthearted book with a serious purpose: to question the assumptions behind the dogma and sheer hype that the dominant school of neoliberal economists—the apostles of the freemarket—have spun since the Age of Reagan. Chang, the author of the international bestseller *Bad Samaritans*, is one of the world's most respected economists, a voice of sanity—and wit—in the tradition of John Kenneth Galbraith and Joseph Stiglitz. *23 Things*

They Don't Tell You About Capitalism equips readers with an understanding of how global capitalism works—and doesn't. In his final chapter, "How to Rebuild the World," Chang offers a vision of how we can shape capitalism to humane ends, instead of becoming slaves of the market.
