Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, *Fluent In 3 Months*. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. *Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World* is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

Learning German may seem like a difficult task. Especially when it comes to the nature of the German language. The good news is that's just a false presumption. Every language can be learned if you know the right technique and the right information. It is proven that the easiest way to learn a language is to hear it in action. Hearing a natural German conversation is the best thing you can do, it's like listening to a story. Natural is the keyword in that sentence. A natural approach to learning the language is the fastest and simplest approach to do it. Why do you think you hear people learning a language extremely fast when they move to another country? Because they hear it naturally, every day. Learn German with stories. Maybe the easiest language learning system ever created. How does that sound to you? People listen to other people's stories. The human mind is programmed to like stories because that's what our life is. A story. And because of this very reason, I've crafted stories that will easily cut you months of struggling to learn German. There will no longer be a "struggle". Moving to Germany just to learn German is not a solution. That's why my book "brings" Germany to you. It brings stories to you. Learning German with my stories will grab your mind into believing that you will actually "live" into German conversations. When you're reading a story, you feel like you're there. The same concept applies to learning German with stories. About my learning German with stories book: It contains 150 short stories about everyday situations Every story is followed by questions and key vocabulary The more you read, the easier your brain will automatically get used to the German language ( isn't that easily beautiful? ) It includes more than 900 digital flashcards for those not able to understand the book completely from the beginning It

uses psychologically inserted KEY PATTERNS to make your brain automatically easily learn sentences and words (this is key) The book uses a read-word-repeat writing system along the stories for natural, fluid learning ( heavy repetition = higher retention rate ) The Benefits of using my book: Easily learn German with stories Feel at ease when reading & learning with the flow of the stories No struggle forcing to learn words/phrases Learn at your own pace Feel confident in your German language skills after a few weeks ONLY Once you learn, you NEVER forget Learn German with my stories ( the easy way )

### Basic German Pro Language Learning

The best way to learn to speak a foreign language is to start using it straight away. This is exactly what you will be doing with 3 Minute German. With this book, you will learn useful words and phrases that will get you speaking from the very first lesson. You will learn quickly how to form your own sentences without feeling like you're never going to use what you learn. I wrote the 3 Minute German methodology after trying lots of different courses, books and CDs. I noticed that most German courses start out with a long list of pronunciation rules using weird symbols that you won't understand unless you've studied phonetics. I also noticed that a lot of German courses fill their first few lessons with pages and pages of rules for the language: how to pluralise nouns, how to recognise the gender of a noun, how to use the definite, indefinite or partitive articles! Whilst this information will become useful eventually, for the complete beginner it can be extremely confusing and very often overwhelming, especially when baffling grammatical terminology is used. This is what leads to most students giving up. With 3 Minute German, what I have done is put the most useful things first. You will learn words and phrases that will allow you to speak straight away, and you will get an instant feeling of success from the very first lesson. Furthermore, I have made sure that I explain everything in a way that assumes you know nothing about language learning. I don't use any tricky terminology and I don't give you an endless list of rules; we learn as we go along, adding small bits of information here and there and practising until you can use it confidently. Each time you learn a new word, I show you exactly how to say it with a small pronunciation guide underneath it. And you don't need to worry about remembering the words, either; the way the course is set out means that you will automatically internalise new vocabulary without even trying. The methodology behind this book is the same methodology I use in my classes and online courses, and the results my students have had are exciting and thrill me just as much as them! People who have spent years unsuccessfully studying German have tried this book or one of my courses and have been amazed at how much they've learnt and understood in just the first lesson. Here are some of their reviews: "Excellent! He really understands teaching. This course breaks

through a major barrier to learning foreign languages."NIAL COLLINS" This is fantastic. Everything you learn just stays in your head." YUVRAJ VASWANI "The course was just as the instructor promised; it flowed so easily from beginning to end, and I was surprised by how much I absorbed. Thank you for making me feel that I can actually learn this beautiful language." LOU CHARON "The teacher is clear and concise. He structures the delivery of the material in a very effective way, which aids recall greatly, and he presents the material in an engaging way. My rate of learning is accelerating fast." SAM DOYLE "I love how short but utterly effective each chapter is. This method is great for building confidence quickly, learning the basics and gaining momentum. I'd definitely like to continue to learn with this teacher. Absolutely no boredom or strain whatsoever!" HAPPY DEE "Excellent course. The step-by-step instruction in small increments is very effective, as is the repetition throughout the course, and the translation practice. Highly recommend!!!" MOLLIE DISHAL "This method of teaching is amazing. This person has a teaching gift and the lessons are very well structured with clear content. Everything is explained very well and this method of teaching is pure genius. Thank you for helping me learn another language!" SCOTT WREN "If you would like to see more reviews from over 9000 students, check out my website [www.3minute.club](http://www.3minute.club)

It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German, #LanguageHacking shows you how to learn and speak German through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Sprichst du Deutsch? You'll Answer "JA" In No Time If You Use This Learning Technique. What's the best way to learn a foreign language? Most people would say that it's important to learn grammar and vocabulary. After all, this is how languages have been taught in Europe for many centuries. However, modern linguistics and cognitive science prove traditional methods wrong. The most important learning strategy, according to great linguists such as Stephen Krashen, is providing a lot of so-called comprehensible input. This means reading and listening to a lot of texts that are challenging but still more or less understandable. When you get a lot of such input, your mind figures out the grammar intuitively, just like it figured out the grammar of your first language. This book offers a collection of seventeen short stories for beginners written in German. The stories range from really easy, suitable for students who've just started learning German, to somewhat more complex (there are three difficulty levels all in all). Read them when you've got some free time, or listen to them in the car, and very soon you'll notice that you speak German without thinking about all that grammar, with the intuitive ease of a native speaker! Here's what you'll find: - Sixteen short stories in German, written in a beginner-friendly language- Two audio recordings of each story: one extra slow so that you can understand every word, and one at normal speed- Three difficulty levels so that you can choose stories that are perfect for your unique learning process- A variety of topics so that you won't get bored- Vocabulary lists after every story to make sure that you've understood every word Listening to these stories is guaranteed to boost your German skills even if you tried other learning methods and weren't successful. After all, you did master your first language by listening to it a lot, right? Do you want to learn German quickly and easily? Scroll up, click on "Buy Now with 1-Click", and Get Your Copy Now!
