Reports of cases decided in the Appellate Division of the Supreme Court of the state of New York State University of New York Press

In this widely hailed book, NPR correspondent Tom Gjelten fuses the story of the Bacardi family and their famous rum business with Cuba's tumultuous experience over the last 150 years to produce a deeply entertaining historical narrative. The company Facundo Bacardi launched in Cuba in 1862 brought worldwide fame to the island, and in the decades that followed his Bacardi descendants participated in every aspect of Cuban life. With his intimate account of their struggles and adventures across five generations, Gjelten brings to life the larger story of Cuba's fight for freedom, its tortured relationship with America, the rise of Fidel Castro, and the violent division of the Cuban nation.

Reports of Cases Decided in the Appellate Division of the Supreme Court of the State of New York Ediciones Trilce

"I invite you to take a wild ride with me into the mysterious, taboo cultures of Burlesque, Porn and Kink through my personal, intimate, historical account of my journey in the Golden Age from 1983 to the present day. Share in my exploration of my own personal sexual evolution and my part in the sexual revolution. "This book will show you that not all Porn Stars are victims of their life's circumstances. Some of them, like myself, actually face life's challenges by diving deeply into their own self/sexual growth. Burlesque, Porn and Kink are not what you may have been taught to believe, or even what you believe today. 'Porn is a bad thing?' 'Porn exploits women?' Reading this book will certainly give you another viewpoint to these beliefs, and allow you to gain a new philosophy about some very old professions." - Porsche Lynn
Porsche Lynn is a legend in the world of Adult Entertainment and known as The Girl with the Million Dollar Legs. She started her career as a burlesque performer, gracing the pages of most men's magazines like High Society, Chic, and Cheri. She then went to on star in over 250 XXX-rated films between the years 1985-2002. During that time she became part of the Adult Hall of Fame, Legends of Erotica, Free Speech Coalition, X-Rated Critics, and the Hustler Hall of Fame. She is an activist for Free Speech, especially in the area of Adult Entertainment and Sexual Education. She was an integral part in the making of the Free Speech Coalition poster, which recreated the raising of the flag at Iwo Jima. In her time after the camera, she went on to become one of the premiere Domina's, as well as owning and operating her own dungeon located in Phoenix, AZ, where she continues to be an advocate for free speech, sexual exploration (especially in the area of power exchange), and sexual education.

For more than 30 years, New York based photographer and painter Mariette Pathy Allen has been documenting transgender culture worldwide; in 2004 she won the Lambda Literary Award for her monograph *The Gender Frontier*. In her new publication, *TransCuba*, Allen focuses on the transgender community of Cuba, especially its growing visibility and acceptance in a country whose government is transitioning into a more relaxed model of communism under Raúl Castro's presidency. This publication therefore records a cultural watershed within Cuba. In addition to color photographs and interviews by Allen, the book also includes a contribution from Raúl Castro's daughter, Mariela Castro, who is the director of the Cuban National Center for Sex Education in Havana. In 2005, Castro proposed a project, which became law three years later, to allow transgender individuals to receive sex reassignment surgery and change their legal gender.

The Girl with the Million-Dollar Legs: My Life in Burlesque, Porn and Kink Dutton Books

CSC brings you New York Laws Governing Business Entities Annotated, Spring 2023 Edition. This two-volume deskbook is the comprehensive yet accessible collection of up-to-date New York corporate law statutes and forms you need to conduct research more effectively, complete transactions more efficiently and advise your clients with confidence. Gain insight from new full-text cases Review the full-text of five recent cases concerning minimum contacts jurisdiction, alter ego doctrine, gifts to not-for-profit corporations, and dissolution of LLCs. Quickly find required fees Our Publication & Fee Schedule provides a snapshot of Department of State fees for different entities.

Rainbow Solidarity in Defense of Cuba LexisNexis

The hatred of lesbians, gay males, and bisexuals remains an "acceptable" prejudice in our society, despite the widespread damage it causes in all of our lives. Inviting sexual minorities and heterosexual men and women to become allies in the fight against homophobia, the contributors to this anthology explore how homophobia colludes with sexism by forcing people into rigid gender roles; how homophobia causes unnecessary pain and alienation in family relationships; how it works against health-care policy and arts administration that would benefit all members of society; and how homophobia leaves the policies of religious institutions unfulfilled In both personal and analytical essays, the contributors show how the fight to end homophobia is everyone's fight if we are to bring about a less oppressive and more productive society. They offer concrete suggestions on transforming attitudes, behaviors and institutions.

Securities Exchange Act of 1934 Release Rocky Nook

Featuring an insightful look at lesbian, gay, bisexual, and transgender (LGBT) life in Cuba, this chronicle illuminates the progress the country has made from centuries of backward attitudes and oppression to the current state of enlightenment. From the mores of the Colonial period to the roles that Hollywood, the CIA, and Wall Street played in depicting Cuba as a "police state" for gays and in reinforcing the oppression, this overview provides a backdrop of the past and illustrates the persecution and exploitation originally planted by Spanish colonialism and further cultivated by U.S. capitalism. Details on the gradual transformation follow as the narrative examines the impact of the political and institutional initiatives taken by Fidel Castro and the Cuban leadership to overcome bigotry and prejudice against LGBT people--among them free health care and education, guaranteed jobs and housing, special health care for AIDS victims, and widespread sex education.

Mulata Nation Bloomsbury Publishing USA

Repeatedly and powerfully throughout Cuban history, the mulata, a woman of mixed racial identity, features prominently in Cuban visual and performative culture. Tracing the figure, Alison Fraunhar looks at the representation and performance in both elite and popular culture. She also tracks how characteristics associated with these women have accrued across the Atlantic world. Widely understood to embody the bridge between European subject and African other, the mulata contains the sensuality attributed to Africans in a body more closely resembling the European ideal of beauty. This symbol bears far-reaching implications, with shifting, contradictory cultural meanings in Cuba. Fraunhar explores these complex paradigms, how, why, and for whom the image was useful, and how it was both subverted and asserted from the colonial period to the present. From the early seventeenth century through Cuban independence in 1899 up to the late revolutionary era, Fraunhar illustrates the ambiguous figure's role in nationhood, citizenship, and commercialism. She analyzes images including key examples of nineteenth-century graphic arts, avant-garde painting and magazine covers of the Republican era, cabaret and film performance, and contemporary iterations of gender. Fraunhar's study stands out for attending to the phenomenon of mulataje not only in elite production such as painting, but also in popular forms: popular theater, print culture, later films, and other media where stereotypes take hold. Indeed, in contemporary Cuba,

mulataje remains a popular theme with Cubans as well as foreigners in drag shows, reflecting queerness in visual culture.

Semiannual Report to the Congress Karma, New York

Gender- and sex-related norms have an impact on us from the first to the last day of our lives. What are the effects of such norms on the education of children and adolescents? Conveyed via parents/family, school, and peers, they seem to be an inseparable part of human relations. After its favorable reception in German-speaking countries from 2014 onwards, this title is now available in English. The texts show that the traditional assumption of a dualistic, bipolar normativity of sex and gender leads to children being taught gender-typical behavior. The contributions in this volume explore the reasons for these practices and open the debate on the divergence between the prevailing norms and the plurality of different life plans. In addition, the book helps to disengage the topic of sex and gender from a hitherto narrowly circumscribed context of sexual orientation. The contributions point the way towards a culture of respect and mutual acceptance and show new methodological as well as theoretical approaches, e.g. by introducing the figure of the continuum, so that, in future research projects, more than just the two sexes and genders of female and male might be considered as a new normality.

Los Cubanos: Searching for Cuba's Soul Univ. Press of Mississippi

"Shocking in its disclosures, elegantly crafted, and faultlessly measured in its judgments."-Roger Morris, author of *Richard Milhous Nixon and Partners in Power* How did the deeply flawed George W. Bush ascend to the highest office in the nation, what forces abetted his rise, and-perhaps most important-were those forces really vanquished by Obama's election? Award-winning investigative journalist Russ Baker gives us the answers in *Family of Secrets*, a compelling and startling new take on the Bush dynasty and the shadowy elite that has quietly steered the American republic for the past half century and more. Baker shows how this network of figures in intelligence, the military, oil, and finance enabled-and in turn benefited handsomely from-the Bushes' perch at the highest levels of government. As Baker reveals, this deeply entrenched elite remains in power regardless of who sits in the Oval Office. *Family of Secrets* offers countless disclosures that challenge the conventional accounts of such central events as the JFK assassination and Watergate. It includes an inside account of George W.'s cynical religious conversion and the untold real background to the disastrous response to Hurricane Katrina. Baker's narrative is gripping, sobering, and deeply sourced. It will change the way we understand not just the Bush years, but a half century of postwar history-and the present.
